

April Shows Business Is Stable In America

Guidepost Month Shuns Boom, Bust

Washington, April 30—(AP)—April, supposedly the signpost month for 1949 business, made an orderly withdrawal today with no dire threat of another inflationary whirl or an impending bust.

A top Washington economist sized it up this way: "Maybe, after all, we can decelerate the postwar boom without falling on our face. It should be a pretty good year."

Approximately such a picture, it was understood, will be presented to President Truman next week when the president's council of economic advisers takes its monthly report to the White House.

Drop Not Imminent
Meantime, CIO economists in their monthly "economic outlook" agreed that "a precipitous drop into depression does not appear imminent."

But they said that purchasing power must increase to avoid risking disaster.

"The government's actions—which sometimes speak louder than its words and figures—added up in April to a concerted effort to fight deflation and bolster public buying power in one of the few ways available—loosening up on credit."

Except for a steady in farm and food products, the price drift was gently down. Industrial production probably dipped a little further, after four previous consecutive months of decline.

The latter trend has been coupled with fewer factory jobs and shorter work weeks. Total employment in April probably will be found to have risen, however, because of seasonal gains in agriculture and building activity. April reports on workers' earnings were not in.

Living Costs Rise
Living costs were found to have edged up slightly in March, on the strength of rallying food prices. Average wholesale prices have continued to decline.

In every case of decline, it was emphasized that the drops from 1948 are from economic levels which far surpassed anything in the nation's history. The index-watchers say the declines have far to go before the country might pass from "prosperity" to "recession."

Some were privately rather pleased with the developments. Had April brought a spectacular revival of trade and prices, these hold, there might have been a rush by farmers, labor and business to climb aboard a new inflationary gravy train.

Had it been possible to portray April as a "bust," they believe, consumers and businessmen alike might have been tempted to retrench drastically, thereby speeding deflation.

But things didn't get out of hand, either way. The government men incline to believe the trend may be toward what economic council Chairman Edwin G. Nourse had called a "healthy disinflation."

Fires Ruin Much Timber, Property In North America
By The Associated Press
Forest fires in widely separated areas of the North American continent took a heavy toll in timber and property yesterday.

In New York and Minnesota and the Canadian Province of Manitoba thousands of acres of valuable forests were reported destroyed.

In timbered northern Minnesota, where 1,000 acres of timberland were burned over, three fire-fighters were injured seriously as their bulldozer crashed into a tree.

Minnesota State Forestry agents estimated that another 6,000 acres of meadow, brush and marshland have been burned through by some 35 fires around Bemidji.

High winds aggravated a dangerous situation in the Porcupine Forest Reserve near the border between the provinces of Manitoba and Saskatchewan about 250 miles northwest of Winnipeg.

Volunteers were called into the reserve area to battle nine major outbreaks which threaten to lay waste the entire reserve.

Stop Railway Traffic South From Shanghai

Shanghai, April 30—(AP)—Railway officials announced tonight that no trains were running past Kashing, 62 miles southwest of Shanghai.

The stoppage was not explained, but it might indicate the communists had cut the line south of Kashing.

This would mean that the Shanghai area was isolated from the rest of China by land.

Communist troops in early afternoon had been officially reported by the Shanghai garrison to be 17 miles northwest of Kashing and 23 miles north of the important port of Hangchow, which is 121 miles by rail southwest of Shanghai.

Other communist forces were dallying along the westward approaches to Shanghai at a distance of about 35 miles.

Although thus threatened, the greatest of Asiatic cities paid almost no attention to the war.

Instead, it was preoccupied with a dangerous month-end financial crisis.

The nationalist "gold" yuan had become so nearly worthless that there were not enough bank notes to pay salaries.

If this situation worsens, Shanghai may see food riots and looting.

The well-cloaked communist military actions seemed to indicate that isolation rather than occupation was what they intended for Shanghai at present.

(The communist radio in Peiping said the communist army "after crossing the Shanghai-Nanking railway is sweeping down south at the rate of over 40 miles per day.") This appeared to be a considerable exaggeration in view of the slow movement of the past several days.

Britain's Big Gas Industry Put Into Government Hands
London, April 30—(AP)—Britain's billion dollar gas industry passes into the hands of the government tomorrow, socialism's international May Day holiday.

It is the seventh major industry nationalized by the Labor party since it came to power in 1945. The others were coal, electricity, inland transport, cable and wireless, airways and the Bank of England.

When dusk falls tomorrow, lamp-lighters as usual will pedal furiously down British streets on their bicycles, lighting the gas lamps. However, they will draw their pay henceforth from the state instead of from a gas company.

The government will add 130,000 employees to its payroll. It will take over 1,046 enterprises owned by 771 private companies and 275 municipalities and valued at \$1,060,000,000.

Mother And Child Found Unconscious In Car; Two Dead
Madella, Minn., April 30—(AP)—A 33-year-old Huntley, Minn., farm wife, the object of an intensive hunt, was found in a parked car today with two of her children dead.

A third child and the mother were hospitalized here.

The woman, Mrs. James Teighland, disappeared from her home a mile and a half north of Huntley Friday afternoon. She started out to visit a sister who lives southwest of Huntley.

Her husband notified authorities when she failed to return home, saying he feared for the safety of the children because his wife recently had a nervous breakdown.

That started the hunt, during which seven airplanes were used in an effort to spot the Teighland car.

West Railways Plan To Send 30 Trains A Day To Berlin

Berlin, April 30—(AP)—Plans were complete to the last detail in western Germany tonight for resumption of traffic to Berlin—just in case of a May Day announcement from Moscow on the blockade.

A Hamburg dispatch said west German railways were ready to start 30 freight trains a day to Berlin. Officials said they could get 20 trainloads of coal to the city within 24 hours after being given the green light.

Heightening a feeling of optimism, the Russians in this divided city granted three British demands with such cordiality that it represented almost a complete change of attitude.

British officials announced that an officer and three enlisted men arrested by the Russians April 22 while on patrol near the Soviet border at Klein-Zacher, had been returned tonight. The Russians accepted the British demand for their release.

They promised not to interfere again with canal traffic in Britain's sector. They also returned, with an apology, three British military policemen seized yesterday during a raid on a British-occupied farm.

The two incidents first had western authorities puzzled because, while Soviet representatives were discussing with Americans the lifting of this city's 10-month blockade, Russian officials on the Berlin level appeared to be acting in an unfriendly manner.

The dispute over barge traffic was settled in a meeting between Brig. E. R. Benson of British headquarters and Gen. P. A. Kvasnin, Soviet transportation chief.

Russian soldiers moved into three lock installations on British sector canals three days ago and halted British barge traffic. They said they were acting under orders. The British rushed up military police units. The Russians backed down.

U.N. Head States Berlin Blockade To Be Lifted Soon
New York, April 30—(AP)—The president of the United Nations Assembly, Dr. Herbert V. Ewart, said today he expected "early lifting" of the Berlin blockade.

This backed up officially views expressed by a number of U.N. delegates, who are pleased at the progress of secret east-west talks.

Dr. Ewart added that this action would not cover all disputes among the great powers, but would clear the ground for a fresh approach to the peace settlements for Germany and Japan.

He issued a statement to newsmen as the U. N. Assembly voted on an American-backed resolution to refer the disputes arising out of trials of churchmen in Hungary and Bulgaria to settlement under peace treaties with those Balkan countries.

The final assembly vote in the row over the trials of Josef Cardinal Mindszenty and 15 Bulgarian Protestant clergymen was 34 to 6. The Russian bloc voted against it.

2 Killed, 4 Hurt In Auto Collision Near Hamel, Ill.
Hamel, Ill., April 30—(AP)—James M. Clark, 48, and his wife Nell, 41, of Peoria, were injured fatally today in a head-on automobile collision a mile south of here on Route 66.

Four persons were injured in the crash. They are Mr. and Mrs. Edward Tucker of Oshkosh, Wis.; their daughter, Susan, three, and Cpl. Max Ales of Eureka, Ill., stationed at Scott Air base. Ales was riding with the Tuckers.

The Clark car overturned, pinning Clark beneath it. He was killed instantly. Mrs. Clark died enroute to a hospital.

Clark was general agent for the John Hancock Insurance company of Peoria for the last 11 years. He and his wife formerly lived in Nashville, Tenn.

At St. Joseph's hospital in nearby Alton, Mr. and Mrs. Tucker were reported to have received severe head injuries. Their daughter suffered a broken leg. Ales was injured only slightly.

Urges New Police To Make Illinois' Force Best In U.S.
Springfield, Ill., April 30—(AP)—Governor Stevenson today urged a class of 93 new patrolmen to help make Illinois' state highway police force the best in the nation.

"Keep your heads cool, your hearts warm, your backs stiff and your feet on the ground," Stevenson said.

"If you do this, you cannot fail as individuals and we cannot fail as a state," he said.

He spoke at graduation ceremonies for survivors among more than 200 applicants for state police jobs.

J. L. Lewis Sets Date For Contract Talks

GOP Invites Dewey To Run For Senator

Washington, April 30—(AP)—Gov. Thomas E. Dewey today got what amounted to an invitation from Washington Republicans to run for the Senate in New York next fall.

Commenting on Albany reports that the defeated GOP presidential candidate hasn't given up the idea of staying in politics, Chairman Brewster (R-Me.) of the Republican senatorial campaign committee told a reporter:

"I hope Governor Dewey will stay in public life. He might perhaps consider making the Senate race. We would regret his retirement from active politics."

Dewey himself hasn't said anything that indicates he might be a candidate either for the seat Senator Wagner (D-NY) is expected to vacate by resignation within the next few months or for a third term as governor.

But Dewey's friends have indicated strongly that the governor still is looking the field over and has not made up his mind to go back to private law practice, as many supposed.

Off for a six-weeks tour of Europe next Thursday, Dewey may have to make up his mind about the Senate race in July.

If Wagner, ill for months, should resign before July 8, as many here think he will, his seat would be at stake in the November New York election. If the resignation were delayed beyond that date, Dewey could appoint a successor to serve until the end of Wagner's term in 1951.

If Dewey should get into the senatorial race, most politicians think he would not have much trouble getting the nomination. Former Gov. Herbert Lehman would like to have the democratic nomination in such a race, it is believed, and might get it.

Commie Says Huku Who Killed Quezon Will Be Punished
Manila, Sunday, May 1—(AP)—Communist Luis Tarcue today promised swift and severe punishment if any of his Hukbalahaps are found to be responsible for the slaying of Mrs. Aurora A. Quezon.

The fugitive said in a statement sent to Manila newspapers that none in his command of the armed peasants planned the ambush that took the lives of the widow of the Philippines' first president and 11 others.

"No order and no word was ever issued by our organization that could be construed in any way to bring harm to her or to her family," his statement said.

Tarcue added that an investigation now is being made.

Government troops in central Luzon meantime continued an offensive against the Huks. They insisted the Hukbats staged the ambush in which Mrs. Quezon, a daughter, a son-in-law and nine other persons were killed Thursday on a lonely mountain road northeast of Manila.

The UAW international has announced it will sanction a strike at River Rouge only after a first-hand check of employees' speedup charges and after all peaceful means of settlement have been exhausted. Ford management has denied the speedup charges.

The union's international officers have approved a strike of 5,000 Lincoln-Mercury plant workers May 6 as the result of similar charges.

If both plants are closed approximately 110,000 persons throughout the entire Ford system would be affected.

In Washington, with the House taking a week-end recess from its furious labor bill debate, a new three-step compromise for handling national emergency strikes was suggested by Rep. Jacobs (D-Ind.).

Jacobs said he will propose it as an amendment to the administration bill of Rep. Lesinski (D-Mich.) when that measure comes up for consideration. The House is considering a labor bill by Rep. Wood (D-Ga.) backed by Republicans and southern Democrats. If the Wood bill is passed the Lesinski bill would be dead.

Release One Of 2 Boys Involved In Teacher Shooting
Arthur, Ill., April 30—(AP)—Glen Phillips, 11, held in connection with the shooting of a Moultrie county school teacher last Tuesday, was released today under \$5,000 bond from the county jail at Sullivan.

Lloyd Titus, 16, also charged in the case, is still in jail under \$10,000 bond. Titus is accused of firing the shot which struck Mrs. Nina Donahoe, 57, teacher at the White school, near here, during an attempt to take her automobile.

Will Bargain Separately With South

By The Associated Press
John L. Lewis agreed Saturday to bargain for a new work contract for his United Mine Workers separately with the Southern Coal Producers' Association.

In a letter accepting notice of Joseph E. Moody, the Southern operators' president that the present contract will expire June 30, Lewis suggested that negotiations begin June 6 at Bluefield, W. Va.

Lewis also agreed to let the press and public in. In the past, reporters have attended the opening sessions of coal negotiations but weren't admitted to the real bargaining.

No Other Action Taken
No action has been taken with regard to the UMW's contracts with northern and western producers which also expire June 30.

At South Bend, Ind., striking Bendix Aviation Corp. workers stood aside to let trucks of the Hudson Motor Car Co. enter the plant and remove Hudson's 15 brake dies.

The removal took place before the Bendix Auto Workers' local had been served with a temporary federal court restraining order.

Late in the day, on the union's invitation, four Kaiser-Frazer trucks entered the plant and removed the firm's brake dies.

The Bendix strike kept 7,500 workers idle at that plant and 35,000 others jobless at Nash, Kaiser-Frazer and Packard. The auto workers have been cut off from essential supplies manufactured by Bendix.

Meanwhile, at Detroit, high councils of the UAW-CIO held in abeyance sanction of a strike voted by 50,000 workers at the huge River Rouge plant of the Ford Motor Co.

UAW Sanctions Strike
The UAW international has announced it will sanction a strike at River Rouge only after a first-hand check of employees' speedup charges and after all peaceful means of settlement have been exhausted. Ford management has denied the speedup charges.

The union's international officers have approved a strike of 5,000 Lincoln-Mercury plant workers May 6 as the result of similar charges.

If both plants are closed approximately 110,000 persons throughout the entire Ford system would be affected.

In Washington, with the House taking a week-end recess from its furious labor bill debate, a new three-step compromise for handling national emergency strikes was suggested by Rep. Jacobs (D-Ind.).

Jacobs said he will propose it as an amendment to the administration bill of Rep. Lesinski (D-Mich.) when that measure comes up for consideration. The House is considering a labor bill by Rep. Wood (D-Ga.) backed by Republicans and southern Democrats. If the Wood bill is passed the Lesinski bill would be dead.

Rutledge To Go On Trial For Murder Of Wife's Suitor
Cedar Rapids, Ia., April 30—(AP)—A young St. Louis doctor will go on trial Monday on a charge of slaying his wife's bachelor admirer in a hotel room here last Dec. 14.

Dr. Robert C. Rutledge, 27-year-old specialist in children's diseases, has pleaded innocent to the first degree murder indictment against him.

Dr. Rutledge is accused of fatally stabbing Byron C. Hatman, 29, St. Louis aircraft instrument designer. He has asserted Hatman was stabbed accidentally in a fight which occurred when he tried to persuade Hatman to quit pursuing his pretty wife, Sydney Rutledge, 23. He has denied, however, that he inflicted the fatal wound.

Dr. Rutledge surrendered to the sheriff here March 23 after authorities had sought for three months to extradite him from Missouri. His attorney claimed the delay was necessary due to Dr. Rutledge's health.

The young physician swallowed poison at his St. Louis apartment Dec. 17 when police arrived to question him about the slaying. His attorney said the recovery from the effects of the poison had been slow and that Dr. Rutledge also was suffering from stomach ulcers.

Oklahoma Tornadoes Kill One, Injure 50

BULLETIN
By The Associated Press
A series of spring tornadoes flailed Texas, Oklahoma and Kansas Saturday, killing at least five persons, injuring 55, and damaging property up to \$2,000,000.

The swirling storms destroyed buildings, smashed automobiles and uprooted trees. Many of the twisters were accompanied by torrential rain and baseball-sized hailstones.

Tornadoes writhed through Oklahoma Saturday, killing a child and injuring more than 50 persons.

At least six separate areas were hit, with Meeker, 30 miles east of Oklahoma City, reporting one dead and two hurt.

At the University of Oklahoma's north campus 42 persons were injured.

Dr. H. T. Dean Gets 1949 Gorgas Award For Dentistry Work

Washington, April 30—(AP)—Dr. H. Trendley Dean, director of the National Institute of Dental Research, today was named to receive the 1949 Gorgas award for "outstanding contributions in the field of military medicine."

In making this announcement, the Federal Security agency said the work of Dr. Dean and his associates on fluoride treatments "may lead to the mass prevention of dental decay."

A native of East St. Louis, Ill., Dr. Dean entered the public health service in 1921 after World War I duty as a captain in the dental corps.

Since then he has specialized in epidemiological studies of dental diseases. In 1931 he was put in charge of dental research at the National Institutes of Health and last September was named director of the newly-established National Institute of Dental Research.

The FSA said Dr. Dean was selected for the Gorgas award by the association of military surgeons of the United States. The prize, sponsored by National Guard armaments and Manufacturers of Philadelphia, will be presented at the association's annual meeting here November 11.

Largest commercial trout hatchery in the United States is located near Nuhl, Idaho.

May Day Celebrations Held By Rival Groups

By The Associated Press
Communists and left-wing labor groups all over the world will hold traditional May Day celebrations today but they face considerable competition from Anti-Communist groups.

In the United States, demonstrations were staged yesterday (Sat.) in some cities while others will have them today. "Loyalty Day" parades far outnumber left-wing celebrations in this country.

In Europe and other sectors abroad the observance generally will be held on May 1 which was designated as an international labor holiday by an international socialist congress in 1889.

New York loyalty parades led by Secretary of Labor Maurice Tobin, Francis Cardinal Spellman and James A. Farley stepped down glided Fifth avenue on the stretch adjacent to Central Park.

On the west side of Manhattan, left-wing groups marched down Eighth avenue in a "May Day" parade, one of whose themes was a demand for "a peace pact with the Soviet Union instead of the Atlantic war alliance."

WEATHER

The Norbury Sanatorium, cooperative observatory for the U. S. Weather Bureau, yesterday reported the temperatures for Saturday as follows: High, 75; low, 53; and at 6 p.m., 68.

Forecast for Illinois—Showers and thundershowers today. Continued mild. High 72 to 75.

SOVIET EXPLANATION OF SCIENTIFIC CLAIMS IS BEST INVENTION OF ALL

Soviet propagandists, who have laid claim to all those inventions on behalf of their countrymen, have at last invented something themselves. It is an explanation of why so many discoveries have been credited to non-Russians like Edison and the Wright brothers. The Navy publication Red Fleet explains it thus:

"The struggle for priority in capitalist countries merges into a struggle to ascribe as many scientific discoveries as possible to the scholars of one's own nationality and race at the expense of other nationalities and races. The more rapacious and piratic the imperialism of the given country, the more insolent and crude is the 'spiritual expansion' of its historians of science."

There you have it, neat as a mathematical formula. False claims of achievement for a country's scientists are in direct proportion to the imperialistic ambitions of a country's government.

Silly as that sounds, the propagandists must have thought it necessary to come up with some story. For a lot of Russians probably have wondered how it was, even if their propagandists spoke the truth, this wrong impression about electric lights and airplanes and such had been so persistent for so many years.

Now it's all clear. The discrepancy fits right in with the west's pattern of "imperialism." Further, the western countries had been telling these imperialistic lies for a couple of hundred years.

But it may be that a few of the more logical-minded Russians are still wondering as they read the honor roll of their unsung inventors. There was the remarkable Lomonosov, for instance. According to Soviet propaganda, he discovered the secrets of atomic energy and cosmic rays and also made a clockwork model of a helicopter back in the 1750s.

It was Ivan Polzunov, not James Watt, who invented the steam engine. Russians gave the world the caterpillar tractor before 1850, and several types of tractor motors in the second half of the 19th century. One Ladygin beat Edison to the electric light by six years. A. S. Popov was sending and receiving radio messages before Marconi. And so on.

Reading these claims and perhaps believing them, the logical-minded Russian must wonder why it was that other countries not only took these discoveries but also developed them. Czarist Russia, he knows, was bad. But how could this scientific progress have flourished in the monarcho-monopoly capitalist countries, which he knows were just as bad?

And why is it that none of these wonderful Russian achievements were made after the revolution? Assuming the genius of Russian scientists, our logical-minded friend may ask why this genius, growing in the ideal soil of communism, has not produced a bumper crop of inventions. Why didn't some of his Soviet comrades come forth with such things as radar, synthetic rubber, nylon, the jet plane and the atomic bomb?

Even after all the propagandists' explanations, our Russian might be forgiven for wondering if there was some flaw in their picture of his best of all possible governments surrounded by the worst of all possible imperialistic aggression.

DROP THE KNIFE, LOUIE!

Knife-and-fork eating has a bad effect on our molars, says a Canadian dental professor. When we cut our food in small pieces we only use our back teeth to chew. On the other hand, food stuffed in the face by the fingers permits gnawing and gives the teeth and gums good exercise.

Manners aside, we're surprised to learn that a hand-to-mouth existence is so healthful.

Company Sues For Damage To Bus

The Jacksonville Bus Lines company has brought suit against the Illinois Telephone company in which it asks \$8,500 for damages and loss of services of a bus in an accident.

The plaintiff, through its attorneys, Edward J. Flynn and Harry G. Story, stated that a bus operated by one of its employees, John R. Young, was traveling on U. S. Route 36 near the Mound school on the morning of July 7, 1947. In attempting to avoid collision with a telephone wire which

the bus company claims was dropped or lowered in front of the bus, the driver lost control of the bus and it ran into a ditch.

William J. Shields has filed a complaint against the DeWitt Motor company, asking \$2,080.98 for commissions alleged to be due him while he was employed by the company from 1944 to 1948. Edward J. Flynn is attorney for the plaintiff.

The U. S. Department of Agriculture says that both ripe and green olives contain an abundance of vitamin A.

The Mann Act, commonly known as the "white slave act," was passed by Congress in 1910.

ELEVEN NURSES TO RECEIVE DIPLOMAS SUNDAY

Eleven graduates of Our Saviour's Hospital School of Nursing will be awarded diplomas at the commencement exercises to be held Sunday afternoon at three o'clock in the Church of Our Saviour. The degrees will be conferred by the Rev. Dean F. F. Formaz. The speaker for the occasion will be the Rev. John M. Bretz of St. Patrick's church at Altamonte. Music will be furnished by Mrs. Alta Elsch, church organist, and Our Saviour's choir, with Miss Paula Connen as soloist. A reception at the nurses' home is to follow the service.

Members of the class are (first row, left to right): Evelyn Chambers of Bluffs; Marie Consilio Freeman of San Francisco, Calif.; Judith Landauer of Lincoln and Wilma Lashmett of Winchester; second row: Margaret Nelson of Peoria; Anna Novotny of Jerseyville; Jean Preston of Jacksonville and Elsie Ring of Winchester; bottom row: Bette Tuscher of Bluffs, Patricia Tuscher of Bluffs and Dean Wright of Jacksonville.

Social Calendar

Monday
College Hill club will meet Monday at 3 p.m. at the home of Mrs. C. G. Kirchhoefer, 347 North Webster avenue. The program will be presented by Dr. Elizabeth Nichols.

The Monday Conversation club will meet Monday, May 2, at 2:30 p.m. at the home of Mrs. Earl Spink, 1004 West Lafayette avenue. Mrs. Robert Spink will serve as program leader.

Tuesday
Trinity guild will meet Tuesday at 2 p.m. with Mrs. E. L. Lambert, 14 Piner place.

Wednesday
The Woman's Society of Christian Service of Centenary Church will meet at 7:30 p.m. Mrs. Mary Naylor has charge of the devotions. Mrs. Chalmers Babb has charge of the program. The hostesses are Miss Minnie Wyatt, chairman, Miss Ruth Rapp, Miss Gladys Howard, Mrs. John Duncan, and Mrs. Sallie Hoagland. Rev. John Collins, the minister, will install the newly elected officers of this organization. Mrs. Chalmers Babb has secured an unusual musical program. The ladies of the church and community are invited to attend.

The annual mother and daughter banquet of the Grace W.S.C.S. will be held at the church Wednesday at 6:15 p.m. Tickets may be secured from circle chairman and from Mrs. W. E. Hall and Miss Amelia DeMotte. The W.S.C.S. of Brooklyn Methodist church will meet Wednesday at 2:30 p.m. at the church, with Mrs. Mary Curtis, Mrs. Charles Huffman and Mrs. Fred Travers as hostesses.

The theme will be "Women in the Paths of Service." Mrs. Frank Bourn will have charge of the worship service. Mrs. Emma Anderson will be program leader.

The Happy Hour class of State Street Presbyterian church will meet in the church parlors at 2:30 p.m. Wednesday. Hostesses for the afternoon will be Mrs. Ruth Bell, Mrs. Margaret Senters and Mrs. Perkins.

Friday
The South Side Circle will meet at Hamilton's Cafe Friday afternoon, with Mrs. E. L. Kinney and Mrs. Gertrude Reynolds as hostesses. Miss Emma Hunter will have charge of the program.

May Fellowship day will be observed by the Jacksonville Council of Church Women Friday at Northminster Presbyterian church. A covered dish luncheon will be served at 12:30 p.m. Mrs. Elmer Davis, president of the Illinois Council of Church Women, will be the speaker. The annual election of officers will be held. Women of all the Protestant churches in the city are invited to attend.

Greater improvement in methods of cooking was made in the century just past than all previous years, according to Encyclopedia Britannica.

Births

A son weighing eight pounds eight ounces was born to Mr. and Mrs. Delmar Lane, 509 North Clay avenue, Saturday at 1:05 a.m. at Our Saviour's hospital.

Mr. and Mrs. Robert Wear of Hillview are parents of a son born at Our Saviour's hospital Saturday at 7:55 a.m. The infant weighed seven pounds.

Weber Funeral At Carrollton Church

Carrollton—Funeral services were held Friday at 2 p.m. in the Baptist church for John Weber, 73 a farmer of the Rockbridge vicinity, who died April 26th in St. John's Hospital in Springfield. The services were conducted by the Rev. Frank Schwab of Roodhouse and burial was in the City cemetery.

The soloist was Everett Mehl and the quartet was composed of Mrs. Rupert Vallentine, Mrs. Anna Hubbard, Mrs. G. K. Hutchens and Mrs. Richard Giller. Miss Nita Ford played the organ accompaniments.

The flowers were cared for by Mrs. Gregg Fuller, Miss Helen Duncan, Mrs. Leo Darr, Mrs. Walter Milnes and Mrs. Irwin Hutchens of this city and Mrs. J. W. Fite of Carlinville.

Pallbearers were Dr. J. W. Fite of Carlinville, Robert Downey of Jerseyville, Ira Aull, Leo Darr, Walter Milnes and Harlan Edwards of this city.

On His Way Out?

Army Secretary Kenneth C. Royall's departure from the government may be made public before March 20, according to administration insiders, who have said for some time that he would be the next official to follow Defense Secretary James Forrestal into private life. Royall, 54, of North Carolina, has held the post since July, 1947.

Stage Show Playing the
ILLINOIS SUNDAY MIDNIGHT

When you enter the ILLINOIS THEATRE on Sunday for the midnight show, you will be offered a pad and pencil, at least some of you will be offered the pads upon which you are invited to ask any question that you wish. Providing that it is not of too personal a nature and does not embarrass the professional ethics of anybody, the questions will be answered by Dr. Silkin during the performance of The Asylum of Horrors with The Frankenstein Monster in person. Please understand that as the performance runs upon a strict schedule, all questions cannot be answered at every performance. That would throw everything out of the high gear upon which the performance runs. You might miss a world of laughs or you might miss the escape of the wild man or seeing the lady being carried off by the gorilla. Right before your very eyes you see the ghosts and the skeletons and the luminous spirit figures and skeletons dancing all about you. The bobby-socks girls are respectfully requested to forget their Joes for this one day and come, if they come at all, with an older boy friend, one who is more experienced and will not scare so easy, as it has been Dr. Silkin's experience that the young Joes can't take it and it's those young boys rather than the bobby sock girls that faint away. Remember The Asylum of Horrors with The Frankenstein Monster, in person, will be presented at the ILLINOIS THEATRE on Sunday at 11:30 P.M. DON'T BE TURNED AWAY...BUY TICKETS NOW!

Distinct Advantages

1. FINEST FACILITIES.... for the creation of a modern, comfortable funeral service.
2. COMPLETE SERVICES..... arranged through understanding and years of experience.
3. REASONABLE PRICES..... making Williamson funeral services available to every family.

WHITE HALL

White Hall—Mr. and Mrs. William McCarthy and daughter, Miss Jane, will spend Sunday at Eureka College, Eureka, Ill., with their sons, Robert and Eugene.

Due to the 32nd annual convention of Christian Churches to be held at the Memorial Christian Church in Carlinville May 5th and 6th, the Women's Council of the local First Christian Church will postpone their May meeting until the 12th, place to be announced later.

Harry L. McCracken, who has taken over the management of Rose Auto Parts company, only recently returned to his duties because of illness.

Mrs. Cleve Corder recently returned from a visit with her brother and his family at Ponca City, Oklahoma.

Mr. and Mrs. James Branson and infant daughter moved this week to Macomb, Ill., where Mr. Branson is employed with the Central Illinois Public Service company.

The members of the I.O.O.F. Lodge, White Hall, have received a television set for the enjoyment of members and friends.

Mrs. E. S. Ambrose and brother, Asa Heavener of Pearl, returned this week from Chickasha, Okla., where they attended the funeral of their uncle, Ezra Wells.

Mr. and Mrs. J. W. Campbell are moving this week end to Jacksonville, where Mr. Campbell is employed. Mrs. Campbell has been teaching in the grade schools of Hillview.

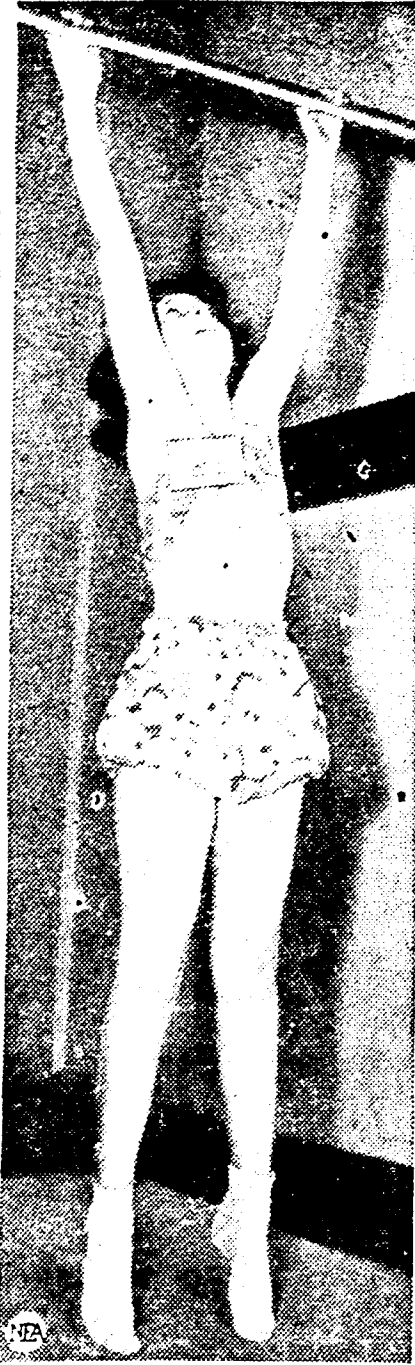

Mrs. L. O. Goodrich, daughter, Miss Irene, Mrs. Addie Osburn and Miss Mabel Griswold attended the 100th birthday anniversary celebration of Mrs. Margaret Hughes at Dow, Ill., this week. Mrs. Hughes is a relative of the Goodrich family. The celebration was held in the Salem Community Hall near Dow.

Mr. and Mrs. Richard Bell returned Wednesday from Chicago after attending the sessions and activities of the Board of Directors of Lions International.

TROPICAL AREA

Most tropical portion of the mainland of the United States is the Florida Everglades. Highest of this level and most of it is partially under water. It is only a few feet above sea level.

Play For Posture

Ten-year-old boy checks his posture in the mirror at Penn State posture clinic after a bean bag has been placed on his head. To counteract weight of bag and to keep it from slipping as he walks around room, he stands up to good posture.

At Penn State posture clinic, the routine of swinging on a bar as shown by this girl is suggested as good exercise to improve posture.

BY ALICIA HART
NEA Staff Writer

If your Johnny or Susie is not as posture-wise as you would like, there are better ways than nagging to straighten out a slump.

Encourage your child to swing from horizontal bars and to climb trees. Also guide him through a simple exercise which is fun to take—with a bean bag, for example. These methods are better than nagging, if you need to train

a youthful body into better posture habits.

So says Dr. Ellen D. Kelly, posture expert at Pennsylvania State College.

Climbing and swinging from bars or ropes placed high enough so that a child must reach to grip them help to counteract the natural downward pull of gravity on posture, according to this expert.

So does a simple exercise which Dr. Kelly uses at her posture clinic and which can be adopted for the use of your child at home. For this exercise, have your youngster wear take—with a bean bag, for example. These methods are better than nagging, if you need to train

weight of the bag as he walks, he will push his body into better alignment.

Another tip from Dr. Kelly is to have your offspring size up his profile view in a mirror while he has a bean bag on his head. His image will reflect the flattering change in his posture.

Foolproof test of posture, claims Dr. Kelly, is to suspend a weighted string from the ceiling to within an inch of the floor and have Junior stand next to this plumb line. If he is standing erect, the string will pass his ear lobe, shoulder tip,

middle of the hip and side of the knee.

Japanese Poets Write For Peace

Togyo—(AP)—Japanese poets are getting lyrical again about their country's "Rising Sun." Nowadays they stress white doves instead of marching feet.

The newspaper "Asahi" recently sponsored a contest for a song to match the restored permission to fly the Rising Sun flag. The winner of the \$150 prize was a primary school teacher whose entry (one of 16,000) contained this typical refrain: "How sublime peace is. 'Reflecting on the Rising Sun!'"

The resounding marching steps we continue, "And beyond, where moves the march, 'May prosper always our empire.'"

Shale-oil patents issued by the U.S. government, both to Americans and others up until 1945, are listed, illustrated, and described in a new publication of the Bureau of Mines. The bulletin will be of particular value to scientists, inventors, and industrialists.

YOUR HOME WILL BE PROTECTED WITH GLATEX ASBESTOS CEMENT SIDING

KEEPING UP WITH BABY

National Baby Week, May 1-7

WANTS PUBLICITY IN JUVENILE CRIME

Swansea, Wales—(P)—Swansea's chief police officer recommended a new approach to juvenile delinquency: let newspapers print the names of children in court cases.

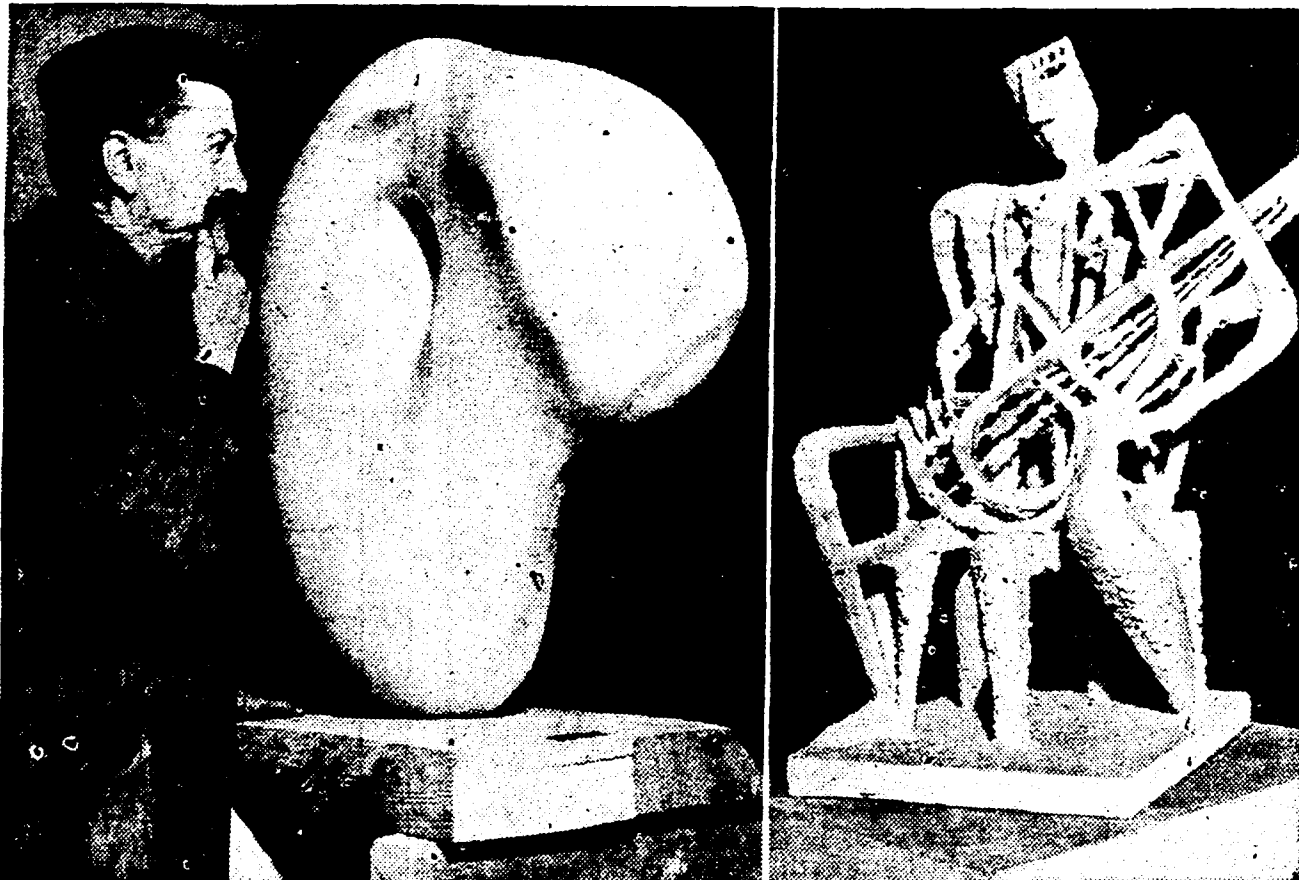

"It is a well known fact," chief constable D. V. Turner said in his annual report, "that offenders, whether adolescent or adults, are usually more perturbed about publicity in the press than about penalties inflicted in court."

Present laws ban the publication of names and addresses of children dealt with by juvenile panels.

China's Empress Dowager Tzu Hsi outlawed the ancient practice of binding women's feet to keep them tiny.

IT PAYS TO ADVERTISE

Many Call It Madness, Some Call It Art

A bit puzzled? Well, so is Adolphe Landru, French worker at left. He doesn't know whether that sculpture is a bird, an eye, a wheel, or what. It's one of the many modern paintings and sculpture pieces on display at the 16th art exhibition of the Society of Independent Artists in Paris. Another head-scratcher in the show is the surrealist figure called "Musician," right.

WADDELL'S

India Rushes Irrigation Plans

New Delhi, India—(P)—India plans a dozen large river projects to help food production overtake the growth in population.

India already claims the largest irrigated area in the world. But it must put several million additional acres under cultivation to catch up with a birthrate which adds an estimated 5,000,000 people to the population each year.

The big projects provide for multi-purpose dams to control floods, furnish irrigation water, generate electricity and extend internal navigation. The emphasis, however, is on irrigation.

Of the 12 major projects now receiving attention, four actually are under construction, with work scheduled for completion in from five to seven years. The Damodar Valley project, in west Bengal and Bihar Provinces, will irrigate 900,000 acres and supply 300,000 kilowatts of power. The Bhakra and Nangal projects in east Punjab will water 3,000,000 acres and generate 140,000 kilowatts. The Hirakud Dam in Orissa Province will irrigate 1,000,000 acres and turn out 350,000 kilowatts.

The Tungbhadra, along the border of Madras Presidency and Hyderabad State, also will irrigate 1,000,000 acres and generate 140,000 kilowatts.

An official of the ministry of works, mines and power says that land irrigated by the four dams will grow 2,500,000 tons of food plus cash crops such as jute and cotton.

The remaining eight big projects are in various stages of investigation, a process which lasts from three to five years. Of these, the most spectacular is the Kosi Dam, which the Works Ministry official says will be the highest in the world—750 feet, compared with Boulder Dam's 726 feet.

The Kosi will be built 45 miles inside Nepal, the independent kingdom high in the Himalayas. The official says the Kosi will give enough power—3,000,000 kilowatts—to run all the railways in India. In addition, it will irrigate 1,000,000 acres in Nepal and 2,000,000 in Bihar province.

You can take one atomic bomb worry off your mind, and that is fear of "poisoned water" after a bomb burst in or near the city water supply. If the city has a modern filtration plant, the water will be safe to drink.

The legislature of Illinois first passed an act on division fences in 1819.

Breweries Go Atomic

Prague—(P)—Two breweries have bowed to atomic progress in Czechoslovakia.

The "Official Gazette" carried an announcement from the Ministry of Industry that four sets of buildings, including a brewery at Jachimov and one at Ostrov, in the Karlovy Vary, had been confiscated and made part of the Jachimov Mines, National Corp.

This is the barred border area where undisclosed amounts of uranium have been mined in the last three years. No reporters are allowed in to check reports that the labor is chiefly German from the Soviet Zone of Germany and that all the

engineers and controllers are Russian. There have been even worse horrors in the late war. It is a menace and a danger to the children who play in it.

The uranium deposits are those which for years have given the waters of Karlovy Vary their curative powers.

LUSITANIA LIFEBOAT TO BE MOVED

Broadstairs, England—(P)—The village council has decided to move from the ill-fated liner Lusitania, its principal monument, a lifeboat brought to this southeastern England resort years ago as a memento of the tragic sinking of the liner, the lifeboat is to be shifted to "a more suitable spot." These are the reasons given by the councilors:

"Visitors who arrive in a festive spirit do not want to see the town decorated with dead men's rafts. It is nearly 35 years since this sad tragedy of the sea occurred and

BIG EAGLE KILLED NEAR MOSCOW

Moscow—(P)—A white-tailed eagle with a wing spread of more than seven and a half feet has been killed in the suburbs of Moscow. The newspaper "Evening Moscow" said the huge bird tried to attack a group of small children and when he dived on them was killed by eighteen-year-old Vladimir Morozov with a shotgun.

"The appearance in the Moscow suburbs of the white-tailed eagle," said the newspaper, "is very curious, for these eagles are rarely encountered in the temperate zone."

Train Daughter In Self-Reliance

BY ALICIA HART
NEA Staff Writer

The girl who grows more dependent upon her mother as she grows older needs to develop some self-reliance.

Otherwise she will never, as long as her mother is able to guide her, live her own life as an independent woman. Clinging to a mother's apron strings may not matter so much while a girl is single, but this lack of self-reliance may matter and cause friction between her and her husband when she marries.

Too much dependence upon a parent can be best discouraged by the mother herself. If you recognize that lack of self-reliance in your young daughter, start making every effort to "put her on her own."

When she comes to you for advice on how to dress, encourage her to make her own decisions; to express her own taste. When young-party plans come up, insist that your daughter map out her own. Tell her that she can submit her plans to you, but that it must embody her own ideas.

If you're inclined to "baby" her, stop this treatment. One of the best beginnings is to stop treating her

as though she were a visitor in your home. Many mothers who like to indulge their children make this mistake to the extent that a daughter never lifts her hand at housework; never assumes any responsibility.

Giving a girl responsible chores to perform on her own is one of the best methods of training in self-reliance. The person who will thank you for all this training will be your future son-in-law.

GREENFIELD

Greenfield—The United Council of Church Women will hold a luncheon Friday at 12:30 p.m. At the Pleasant Point church. The program theme is "Freedom Foundation—the Children's Home." The women of six churches are participating in this work.

Mrs. Ebert Ferguson entertained at a birthday party Monday honoring her son Donnie on his 11th birthday. Those attending were: Howard, Neil and Nancy Elmore; Tommie, Sara Sue and Dennis Woodkirk; Floyd Overbey, Bobbie Cox, Mary and Robert Spencer; Wesley Hartsock, Charles Holder; Myron Rexroad, Leta Lou Conrad; Lois Allen, Patty Menefey and Joyce Counts.

Mrs. H. C. Roth and Mrs. Dale Allyn of St. Louis and Mrs. Carl

Marsh were recent visitors with their son and brother, Martin D. Rith.

The Parent-Teachers association will hold a food market at the Shields office Saturday. The proceeds will go towards the spring clinic which benefits the rural and urban children in the newly elected consolidated school district.

Mrs. James L. Poteet has returned to her home in Shawnee, Okla. after visiting here with her parents Mr. and Mrs. George Cole, and attending the wedding of her niece, Mrs. John Scott.

A daughter, Tonie Roseitta, was born to Mr. and Mrs. Earlom Cole at the Boyd Memorial hospital in Carrollton Monday. They are also the parents of two boys.

Mrs. Charles E. Burroughs has returned from St. Louis where she has been visiting at the home of her son and daughter-in-law, Mr. and Mrs. Robert Burroughs.

Mrs. Gladys Fair of Lompoc, Calif., has been visiting at the home of her sister-in-law, Mrs. J. R. Shields.

BODY CALCIUM

Calcium is the most abundant mineral element in the human body. The body of the average adult has been estimated to contain about two and one-half pounds of calcium.

For Army Post

Curtis E. Calder, above, 58, of New York, chairman of the Electric Bond and Share Co., is reported the man President Truman and Defense Secretary Louis Johnson want to succeed Kenneth E. Royall as Army Secretary. For a time during the war, Calder served as director of the War Production Board.

Why: Greek Aid Program Is Challenged

By Sigrid Arne
AP Newsfeature Writer
Washington—Congress has a new report on hand that says we will have to "get tough" in Greece to get any results from the million dollars a day we are pouring in. The report says we should cut off further aid to Greece unless the government meets our demands for reforms.

Author of the report is Louis C. Wyman, who has made a survey of American aid to Greece for the Joint Congressional Committee on Foreign Economic Co-operation. One trouble appears to be, he says, that Washington policy-makers are afraid of cleaning up the Greek government for fear communist propaganda will brand us "imperialists."

Further, he says, the three American chiefs of staff there—for ECA, the military program, and the Embassy—have never agreed on a single plan for the nation. He says that the United States will be much more discredited, if our aid to Greece fails to help, than if we take a strong hand now. He believes the communist program there now is merely to make American aid fail.

He lists a number of Greek ills and evils. Foremost, of course, is the Greek civil war. Wyman feels it must be stopped, either through the United Nations or through "applied force." He thinks many guerrillas would leave their communist ranks if they had any faith in

the Greek government. He says Greek recovery is complicated by the 662,000 refugees. Help for them is now eating up funds which should be used to set Greece on its feet. Most of those refugees, he says, should be on jobs somewhere to aid the nation's recovery.

He found only 1,000 Greeks have any wealth. The rest, about 7,000,000, are "very poor." Even so the Greek government has never written an income tax system. He says the government is filled with "waste, graft, inefficiency and narrow representation of the nation's political parties. Of one cabinet minister he says "he is rotten to the core."

The Greek farmer is at the mercy of a governmental system which is animated by "police rather than service," he says, and the farmer bears a "staggering load of taxes." The present Greek system of farm credits is suspect—in that credit is sometimes withheld at harvest time until the merchant class has acquired the bulk of the crop at distress prices. There is little decent food except at expensive establishments.

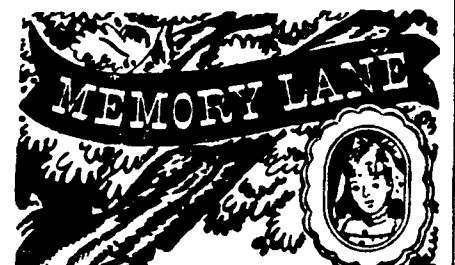

"There are plenty of goods in the store windows at prices no one in the vast masses can pay. There are too many people in Athens. They should be in factories or the countryside producing."

"Village families can be raided every night by guerrillas. Military courts in Greece are partial to the government—they are forcing people to the left. Salaries in the Greek government are terrible—This has meant that incompetents, grafters and men of independent wealth have gained control. A single agency control is needed badly for the transportation system, which is in a bad state of destruction."

The Greeks have a strange import system which Wyman feels should come under American control. Small groups of importers have exclusive rights to import certain products.

"For example," Wyman says, "EVA-financed tires have been licensed for import. An import license to bring in \$30,000 worth of tires was sold for \$45,000. This fifty percent mark up was then passed on to the customers in increased prices."

ECA found that it could buy meat from Syrian sources for \$336 a ton. Meat had been coming through at \$425 a ton from other sources. So a thousand tons of meat were ordered from the Syrians. But three months later none of the meat had yet arrived, and the import licenses were kicking around from one government bureau to another. Wyman felt the government was trying to protect the right of the special importing group, even though money was wasted.

Molasses Jug

Remember when you took the molasses jug to the store to get it filled? You liked to watch the dark molasses gurgle from the barrel. What difference did it make if some dribbled over the edge? A finger covered with molasses was almost as good as a peppermint stick! Remember?

BRITISH MUSIC TASTE BETTER

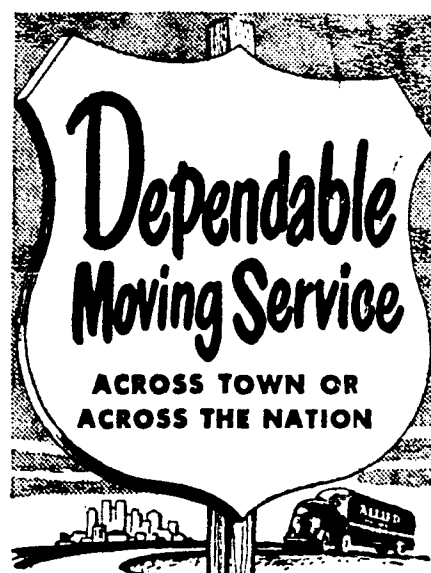

—IT'S MEDIOCRE

London—(P)—The public's taste for music has improved to the point of mediocrity, says the British Broadcasting Corp. music chief, Sir Stuart Wilson told the Royal Arts Society in London: "Very few people have any taste for music. A much wider circle of people have a certain amount of taste most of which is mediocre. The public taste has greatly improved, but the public must know its music."

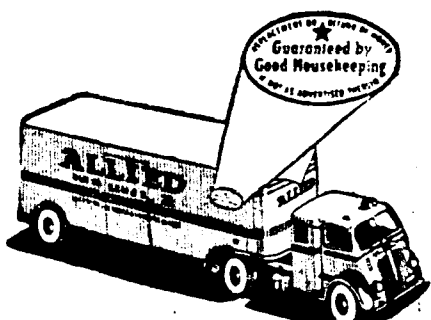

Franz Schubert's "Unfinished Symphony," he said, gets only a small audience, but "a relatively unknown orchestral work goes up to second place in a poll because it is introduced into a Walt Disney film."

ONE BULLET—TWO PIGS

Lueneburg, Germany—(P)—Two wild pigs with one bullet—that is the hunting claim of farmer Heinrich Winkelmann, of Leitangen. He borrowed a rifle from military government to go after wild boar which were destroying his crops. He spotted a sow and fired at her. The bullet passed through the sow and hit a boar which had just come up behind her, says Winkelmann.

Prophet

Msgr. Joseph Beran, above, Archbishop of Prague and highest Czech Roman Catholic churchman, predicted he will be declared "an enemy of the working people" in the near future. The same forecast was made by Cardinal Mindszenty of Hungary before his arrest and conviction on charges of black marketing and treason.

STREPTOMYCIN TRIED FOR PLAGUE

Bangkok—(P)—Siamese medical officials have been trying the new antibiotic streptomycin as a treatment for plague in parts of the Kingdom.

Nine deaths in six provinces in a period of ten days had been recorded.

Dr. Sawat Daengsvang of the Public Health Department said streptomycin was being used in combating septicemic plague. However, he added, most of the cases recorded were of the bubonic type and sulfadiazine treatment seemed preferable.

NEW ZEALAND FLIES RESIST DDT

Auckland, New Zealand—(P)—House flies around Auckland are getting tougher. Ten percent DDT spray does not worry them.

The Department of Scientific and Industrial Research is now trying to find out if stronger DDT will be effective against them.

It was noted in the United States recently that flies could develop strains resistant to DDT.

BUTTER PRODUCERS

During 1946, Iowa produced 207,997,000 pounds of creamery butter, being first in this respect, with Minnesota's 175,891,000 pounds ranking second.

**Christian Church
Convention Set
For Carlinville**

The thirty-second annual conven-
tion of Christian churches of the
West Central District in Illinois will
be held in Memorial Christian
church, Carlinville, Thursday and
Friday, May 5th and 6th. The meet-
ing will be under the leadership of
the Illinois Christian Missionary So-
ciety.
Rev. Earl Leffelman is pastor of
the host church. Rev. Leffelman
several years ago was pastor of the
Lynnville Christian church. Rev. El-
mer C. Johnston of White Hall is
president of the convention.
Representatives of Disciple
churches from 16 counties will be
in attendance. A large delegation
from Central Christian Church of
Jacksonville will attend and other
Morgan county churches will be
represented.
Rev. A. D. Hermann of Woodson
Christian church, and Rev. Earl May
of Berea Christian church will ap-
pear on Thursday's program. F. W.
Schultz of Chapin, recently elected
president of the Western Central
District Laymen's League, will ad-
dress Thursday afternoon's session.
His subject will be "Men on the
March."
President Schultz is expecting a
large attendance at an "All Men's
Dinner" which is being held at 6:30
p.m. May 5th. Paul T. Schermer of
Rekin will address this group, using
as his subject "The Christian Lay-
man in his Community."
The two day session will close Fri-
day afternoon with an address by
Chester P. Hensley, state secretary of
the Illinois Christian Missionary
Society.
"TRUE BLUE"
The expression "true blue" origi-
nally meant a staunch Presbyterian,
according to the Encyclopedia Bri-
tannica, because the Presbyterians
had adopted the color blue as oppo-
sed to red, the royal color.

**"Y" Square Dance
Monday Evening**

The Young Adults group will hold
a round and square dance Monday
evening at the Y.M.C.A. Youth Cen-
ter. Earl Lindsey of Litchberry will
be the caller. Music will be by re-
cordings.
All young people in the commu-
nity, between the ages of 18 and 25,
are invited to attend. There will be
a small admission charge.
EXPLOSIVE BUBBLES
Tiny gas bubbles make an explos-
ive more sensitive. These little pock-
ets of gas, when compressed become
hot enough to start an explosion.
First kerosene was distilled from
coal shale and hence was called coal
oil.

ter out to the surface is nearly 4000
miles, yet no one has seen more than
five or ten miles of this distance.

**Illinois College
Quartet Sings To
Carrollton Lions**

Carrollton—The male quartet
from Illinois College of Jacksonville
gave a program Thursday evening
at the dinner meeting of the local
Lions Club held in the Presbyterian
church. All of the boys in the quartet
are singing their way through col-
lege with the same results that
others have by working their way
through.

Plans were made for a card party
to be held May 12th in the Knights
of Columbus hall in lieu of the
regular dinner meeting of the
organization. Wives of the members
and guests will attend the party.

Final plans were also made to take
the patrol boys of the Carrollton
Public School to St. Louis Sunday
to attend the Police Circus. The
boys numbering 35 in all will be
guests of the Lions Club. The boys
have been on duty throughout the
year at the street crossings near
the school while pupils are going to
and from school.

Matt Fortado To Manage Dances At Nichols Park

The contract for managing dances at the Nichols park pavilion this spring and summer has been awarded by the park board to Mr. and Mrs. Matt Fortado of this city. Mr. Fortado is a student at Illinois College.

A number of bids were received by the park board, the Fortados being the highest.

Dances at the park have been

managed for many years by O. H. Spaulding, who did not enter a bid this year.

Mr. Fortado announced that the opening dance of the season will be held next Wednesday night, May 4, from 9 to 12 o'clock. He has secured Bobby Kay and his ten piece band of Springfield to play. Other popular bands of this area have been booked for the summer months.

The new dance manager said a square dance will be one of the features May 13.

Dances will be held at the park each Wednesday and Saturday night during the summer.

These attractions have been popu-

80 Acre Bruening Farm Brings \$150 Acre At Auction

V. S. Chappell of Murrayville purchased an 80 acre improved farm northwest of Chapin for \$150 an acre at a master-in-chancery sale conducted by Attorney John B. Wright at the Morgan county court house Saturday morning.

Another 40 acre unimproved tract in the same neighborhood was purchased by John W. Bruening for \$135.50 an acre.

The latter tract which was sold subject to a lien of the Northwestern Life Insurance company at first did not appear to attract bidders. Starting at \$1 per acre Master in Chancery Wright received bids of \$1 and 50c with scattering five dollar bids. The master continued his prodding until the bid of \$135.50 was finally offered.

The land was sold on a circuit court partition suit of Bruening vs. Bruening.

The sale attracted a large crowd, mostly residents of the Chapin and Meredosia neighborhoods.

Lillie M. Goacher Of Roodhouse Dies Saturday

Mrs. Lillie M. Goacher of Roodhouse died Saturday at 9 a.m. at the Green Nursing Home here, where she had been a patient for the past two months.

Mrs. Goacher was born near Jerseyville on Aug. 22, 1867. She had resided in Roodhouse for about the past 25 years. She was married to John W. Goacher, who preceded her in death.

Surviving are two daughters, Mrs. James A. Waid of this city and Mrs. Norman Jones of Alton; a son, Charles Goacher of Roodhouse; and several grandchildren and great grandchildren.

Besides her husband, she was preceded in death by a daughter, Mrs. O. W. Rimbey, three brothers, Lester, Clarence and Oscar Reno, and a sister, Mrs. Charles Crayne.

Funeral services will be held at the Mackey Funeral Home Monday at 3 p.m., with the Rev. H. L. Janvyn officiating. Burial will be in Manchester cemetery.

The body is at the Mackey Funeral Home in Roodhouse and will remain there until the time of service. The family will meet friends at the funeral home Sunday from 7 to 9 p.m.

Business District In Columbus Hit By \$250,000 Fire

Columbus, O., April 30—(P)—A \$250,000 fire roared through two downtown business buildings for more than two hours tonight before firemen could control it.

The fire was still burning at 11:15 p.m., CDT, although firemen reported there was little danger of it spreading to other buildings.

Fire Chief Walter G. Strickfaden said damage would be about \$250,000. The actual fire damage, he added, was confined to the third and fourth floors of the buildings. But water damaged offices, stores and storerooms on the first and second floors.

The two buildings are at 41-49 E. Chestnut St., just four blocks from the heart of downtown Columbus.

At least six firemen suffered minor injuries or were overcome by smoke.

Although the blaze was under control, firemen warned there was still danger of walls and floors collapsing.

Says U.S. Must Be Ready To Use Atom Bomb Against Reds

Washington, April 30—(P)—Lieut. Gen. James H. Doolittle, retired, said tonight this country "must be prepared, physically, mentally and morally, to drop atom bombs on Russian centers of industry at the first sign of aggression."

Doolittle, who led the famous aerial raid on Tokyo during World War II, spoke at a Georgetown University alumni dinner.

Doolittle said Russia must be made to realize that this country will promptly drop atom bombs if she manifests any aggression, and he added:

"Our own people must be conditioned to the necessity for this type of retaliation."

FORMER CONSUL DIES

New York, April 30—(P)—Charles L. Hoover, 76, former U. S. consul general in the Netherlands East Indies, Holland and China, died today. He circled the globe twice and as he attempted to land, the plane hit a tree. It nosed down and burst into flame.

Buller tried to pull his mother loose, Ia.

Amazing New Discovery for RHEUMATISM ARTHRITIS

NO FASTER PAIN RELIEF KNOWN

SAFE—HOSPITAL TESTED

Developed after three years of extensive tests in hospital clinics

IMDRIN has been a closely guarded experimental secret. Now proved conclusively to work internally toward amazing reduction of pain, heat, redness and swelling. For victims of rheumatism, arthritis, neuritis, sciatica, neuralgia. Get IMDRIN today.

RELIEVES PAIN AND SUFFERING AFTER 20 YEARS OF TORTURE

"After 25 years ago, arthritis for time brought me pain, heat, redness and swelling. I tried many remedies, but only IMDRIN has brought wonderful relief."

WHERE RHEUMATISM STRIKES ... AND HOW TO DETECT IT

Rheumatic and arthritic pain and inflammation strike any of the areas indicated on above chart (see Arrows). But these diseases have many forms and symptoms. All forms cause pain, frequent swelling, and possible loss of function of joints. Hospital test patients given IMDRIN resumed happy, active living once pain subsided and confidence grew. IMDRIN reduces swelling and eases pain rapidly. IMDRIN may give you the same blessed results. Get IMDRIN today!

HOW IMDRIN HELPS YOU!

If you suffer the tortures of arthritic pain, IMDRIN may be your greatest hope. IMDRIN is one of the fastest arthritic pain relievers known. Cases deemed almost hopeless ... persons suffering twenty long years ... are now living happy lives. Every case backed by hospital and clinical proof. Get IMDRIN today. If it isn't the greatest blessing you've ever used, return for your money back. Get IMDRIN today—resume comfortable living tonight!

AMAZING NEW IMDRIN

IMDRIN contains no drugs or harmful drugs. It is one of the fastest pain relievers known for arthritic and rheumatic sufferers. Start using IMDRIN today. You'll miss the chance to enjoy living once again.

Much Figuring Goes Into Female Figure

By Hal Boyle

New York—(P)—It takes a lot of figuring to keep the female figure in bounds.

And that watchdog of the womanly bulge, the Corset and Brassiere Association of America, has come up with a few well-rounded statistics.

It has found that no one shape seems to satisfy the girls for long. The only thing about the feminine contour that has remained unchanged since Cleopatra's day is the shoulder. (Eds. note: It is as cold as ever.)

Researchers of the CBAA have discovered the American woman of today is no longer the wasp-waisted stringbean of yore. She's more billowy than willow.

Put in terms of a mathematical formula, the average woman now is 5 feet 3 inches tall and weighs 133 pounds. She has a 35½-inch bust, 29-inch waist and 38-inch hips.

At least these are the typical measurements of the women who buy foundation garments. And 85 per cent of those over 15 years of age do.

The farmer's daughter is shorter and wider at the beam than her city sister. And the rich girl has a scrawnier chassis than the working lass.

One In 13 Is A "36"

One survey showed that only about one out of 13 women has the classic measurement—a "perfect 36."

Perhaps this helps explain the Corset and Brassiere Association's contention that 55,000,000 American women figure they have a figure problem and do something about it.

But women weren't the first to worry about their shapes. A goddess started it. Homer wrote of how Juno, the Queen of Olympus, borrowed a girdle from Venus, the Goddess of Love. Juno thought the girdle would cause her husband, Jupiter, to become more attentive.

The idea has grown down the ages. Now some 300 American firms, employing more than 17,000 persons, each year turn out 100,000,000 brassieres, 5,000,000 "falsies" or bust pads, and 41,000,000 girdles and corsets.

The girdle, incidentally, was invented by a man—probably the cave-man. He wore a gauntlet of fur to hold his hunting weapons.

Men also have been about as stoutly devoted to corsets as the ladies. The first known use of the term "corset" is in the household register of Eleanor, Countess of Leicester, in May 24, 1265. The corsets were made for Richard, king of the Normans, and his son, Edward.

13-Inch Waist In Style

In the days of England's good Queen Bess a 13-inch waist was in high style, and the only comfortable ladies were female midwits. At the court of Elizabeth De Medici women achieved this degree of compression by wearing corsets made of thin steel plates. A girl who ate an extra olive at dinner while dressed in this contraption ran the risk of springing her hinges.

This fashion became such a rage on the continent that in 1559 Emperor Joseph of Austria issued an edict forbidding the use of corsets in nunneries and places where young girls were educated. This had about the effect you'd expect. The girls simply laced their bootleg corsets tighter.

In the 18th century European families of quality even began dressing their children in corsets. They were supposed to help young boys gain a military bearing. One can only wonder how many more battles Gen. U. S. Grant might have won in a corset with a two-way stretch.

Today the industry's best customer is the best-dressed girl in the world—the American working girl. She buys four brassieres and two girdles a year.

Polish Jews Leaving Poland

Warsaw, Poland—(P)—More than 300 Polish Jews are getting permits each month from the American Military Permit Office here to travel through Germany on their way to Palestine.

The permits office recently removed the ban on issuing visas to emigrant Jews of military age. The restriction was applied up until the end of hostilities in Palestine. Best estimates are that between 800 and 1,000 Jews of all ages are leaving Poland monthly, bearing passports.

There are reports that many hundreds of others are departing illegally, mostly by crossing the southern frontier into Czechoslovakia.

Poland's Jewish population is still listed at between 80,000 and 90,000. But no record is available of Jews who leave the country illegally. Thus, some Jewish sources say the population in Poland now is down to about 50,000.

NEW AVERAGE LIFE

White girls born today can expect to live to be 70; boys to reach the age of 65. This new high of 67 years as the average life expectancy for people in the United States was reached in 1946.

Carrollton Man Killed Friday In Highway Mishap

Carrollton — Benjamin Powers, 57, was accidentally killed Friday about 6:30 p.m., as he stepped between two cars which collided on the highway between Wood River and Roxana. Death is believed to have been instantaneous.

Powers left Carrollton by bus about five o'clock, enroute to visit his wife, Mrs. Viola Johnson Powers, at the home of his son, Edward Powers, in Roxana.

The accident occurred as Powers was walking on the highway, about four blocks from his son's home.

Mr. Powers was born in Greene county, the son of Albert and Mary Jane Spiker Powers. Most of his life from Honolulu, where for the past year he was secretary at the Cook Trust company. Before returning to Illinois, he vacationed in California and at the time of his death was employed on the farm owned by his son and Washington.

brother-in-law, Earl Cardwell of Manchester. He made his home in Carrollton with a son, Alvin Powers.

Surviving are his wife, to whom he was married about 26 years ago; four sons, Alvin and Ray of Carrollton and Edward and Junior of Roxana; one daughter, Mrs. Rena Smith of Collinsville; two brothers, Harry of Manchester and Robert of Jacksonville; and a sister, Mrs. Earl Cardwell of Manchester.

The body has been taken to the Streeter Funeral Home at Alton and will be removed to the Neece Funeral Home at Waverly.

Funeral services will be held Monday at the Christian church in Scottville. Burial will be in Scottville East cemetery.

VISITS PARENTS

Mrs. Juanita Harney is here visiting with her parents, Mr. and Mrs. Charles Watts, 1157 South Diamond street. She has recently returned from Honolulu, where for the past year she was secretary at the Cook Trust company. Before returning to Illinois, she vacationed in California and at the time of his death was employed on the farm owned by his son and Washington.

W. H. Pembroke Dies Saturday At Athensville

Roodhouse.—William Harry Pembroke, 52, passed away Saturday at 2:30 a.m. at his mother's home in Athensville following a lingering illness.

A lifelong resident of Athensville, Mr. Pembroke was born on Aug. 30, 1896, the son of Elizabeth Rafferty Pembroke and the late William Henry Pembroke.

He was united in marriage with Florence Howell, who survives together with his mother; one son, Leland Pembroke of White Hall; five sisters, Mrs. Ina Rexroat and Mrs. Alma Dugger, both of White Hall; Mrs. Edna Shaffer of Wrights; Mrs. Mina Sanson of Greenfield and Thelma Pembroke of Denver, Colo.; and three brothers, Willard of Greenfield, Orval of Lyle, Minn., and Orley of Athensville.

The body is at the Mackey Funeral Home in Roodhouse.

Funeral services will be held Monday at 1:00 p.m. at the Athensville Baptist church. Burial will be in Oakwood cemetery at Greenfield.

W. H. Neece, Jr. Nominated For Franklin Office

Washington, April 30.—(P)—President Truman has sent to the Senate a large number of nominations for postmasters in Illinois towns, including Meredith I. Hull, Barry, Alice Gray, Dow; Israel Victor Hill, Edinburg; William H. Neece, Jr., Franklin; Hugh R. Ganey, Gillespie; George A. Garrison, Pearl; William J. Lemar, Tallula.

Grand Canyon of the Colorado is 278 miles long, according to the Encyclopedia Britannica. At one point it is 13 miles wide and 5000 feet deep.

CARNIVAL

By Dick Turner

"I used to have a successful business, but my doctor kept telling me to slow up!"

CHICAGO LIVESTOCK MARKET REPORT

Chicago, April 30.—(P)—Hogs and cattle were quoted nominally steady today, ending a week of generally declining prices. There were no sheep offered for sale.

Weakness in the wholesale pork market contributed this week to further declines in live hogs, which sank to new low levels since OPA ceilings were removed in October, 1946. However, losses were not unusually large at week's end. They ranged from 25 to 50 cents.

Average price of beef steers this week fell 61 cents to \$23.68. Wholesale beef trade was mixed, not duplicating the weakness in pork. Extreme top for high choice fed steers was \$28. Many loads of long fed heavy cattle arrived this week.

Woolled lambs gained 50 cents to \$1 for the week while clipped lambs were ahead about \$1. A few head of spring lambs arrived and sold at \$30 to \$32.50.

GRAINS, SOYBEANS AND LARD DECLINE DUE TO SELLING PRESSURE

Chicago, April 30.—(P)—Moderate selling pressure toward the close reduced or cancelled early gains in grains, soybeans and lard today. The market was not active with dealings confined mostly to local traders.

The local crowd bought at the outset, inspired in part by failure of parity prices to decline during the March 15 to April 15 period and confirmation of trade reports of large pork export allocations. Advances of dust storms in western Canada helped the early advance.

Toward the close the local crowd tried to even up its commitments for the week-end, causing the late slump. Much uncertainty existed concerning the cash wheat buying policy of the Commodity Credit Corporation next week.

Wheat closed 1 to 1 cent higher, May \$2.17-1/2, corn was 1-1/2 higher, May \$1.32-1/2, oats were 1/2 lower to 1 higher, May 64-1/2, rye was 1-1/2 lower, May \$1.22, soybeans were \$1-1/2 higher, May \$2.25-\$2.26, and lard, was 7 cents lower to 3 cents a hundred pounds higher, May \$11.90.

Estimated receipts of grain in carlots here today—wheat 7, corn 93, oats 25, rye none, barley 11 and soybeans 8.

Dates Of Coming Events

Oats No. 1 heavy mixed 69; No. 1 heavy white 71-72.
Barley malting 1.08-3/4 nominal; feed 85-1.08 nominal.

BLIND BRAILLE
Louis Braille, who adapted the Braille alphabet for the blind, was blind himself from the age of three, according to the Encyclopedia Britannica.

New York Stock Market

New York, April 30.—(P)—Demand for stocks picked up a trifle in today's market and leading issues advanced fractions to around a point.

Buying was not aggressive but prices responded easily to small orders. Turnover was slow even for a Saturday. Business was at the rate of around 300,000 shares for the two hours.

Richfield Oil, one of the few issues showing any signs of activity, moved up more than a point at one time to a new peak for the year. The best gain was later shaded a little.

Others higher included U. S. Steel, Youngstown Sheet & Tube, Studebaker, Montgomery Ward, Sears Roebuck, Oliver Corp., Liggett and Myers, American Telephone, Consolidated Edison, United Corp., General Electric, Dow Chemical, Radio Corp., Owens-Illinois, American Tobacco, Southern Railway, Baltimore & Ohio, Texas Co., and Twentieth Century-Fox.

Nudged ahead in the curb were Cities Service, Colt's Mfg., Fairchild Engine, Fansteel Metallurgical, Niagara Hudson Power, Pancoast Oil, Salt Dome Oil, and Pittsburgh Metallurgical.

Corporate Bonds moved narrowly. Dealers in U. S. government issues took the usual Saturday recess but further information came to light regarding the effect on the bond market of the reduction (effective next week) in the amount of money banks are required to keep on hand as a reserve against deposits.

U. S. Government issues moved in large volume at higher prices yesterday. In addition, dealers reported that they had been able to sell a substantial portion of their inventories of tax-exempt state and local government obligations. A similar trend developed in the market for railroad equipment trust certificates, a type of security which commercial banks usually find attractive.

Thomas Toler Of Alexander Dies

Thomas Toler, a resident of Alexander, died Saturday afternoon at 12:30 o'clock at Our Saviour's hospital where he had been a patient two days. He was 63 years of age.

No arrangements have been made for the funeral.

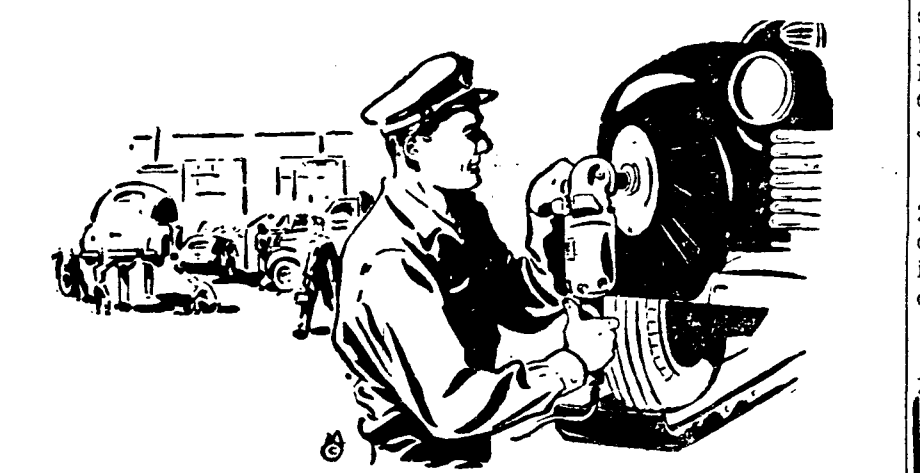

ADVERTISE—IT PAYS

Criticized

Sen. Raymond E. Baldwin of Connecticut, above, outspoken leader of the GOP liberal wing in Congress, is under criticism from his Republican colleagues for his decision to quit the Senate in December to accept appointment to the Connecticut Supreme Court. He was appointed by Democratic Gov. Chester Bowles.

Nineteen Entered In J. H. S. Invitational Track Meet

Feitshans Cindermen Win Central Conference Meet Here Yesterday

The Feitshans high school cindermen defended their Central Conference track crown successfully Saturday afternoon as they accumulated 43 points to swamp all competition in that loop's meet held on the local high school track.

Carlinville, who had been rated a top contender in the prognosticator's pole, ran a poor second place to the Springfield entry. They garnered include: Beardstown, 34; Lanphier, 27; Jacksonville, 25; and Clinton, 24. One new record was set—Seago. Carlinville speedster, circled the mile track in 4:38 to establish the new mark.

The summary:
120 yard low hurdles—Belcher, C.; Chandler, L.; Bottoms, F.; Konneker, C.; 17. 100 yard dash—Milton, F.; Tucker, C.; Sallee, L.; Sinnock, B.; 10.6. 220 yard dash—Whittacre, J.; Sinnock, B.; Dunn, C. (tied for second); Sallee, L.; 23.7. 440 yard dash—Johnson, F.; Fisher, B.; Carman, C.; Alexander, L.; 54.8. 880 yard run—Seago, C.; Luttrell, C.; Jackson, J.; Myers, C.; 2:06.3. Mile run—Seago, C.; Luttrell, C.; Spencer, F.; Myers, C.; 4:38. 200 yard low hurdles—Bowers, B.; Chandler, L.; Belcher, C.; Pettit, F. (tie for third) 24.7.

Pole vault—Brackschmidt, B.; Jones, B. (tie for first); Butcher, J.; Bussey, J.; (tie for third) 10 ft. 3 in.

Wisconsin, Purdue Indiana, Michigan Win Big 9 Games

Wisconsin 7, Northwestern 4
Madison, Wis., April 30—(P)—Floyd Leve pitched and batted Wisconsin's baseball team to a 7-4 victory over Northwestern today.

The conquest gave the Badgers a split in the weekend series, the Wildcats having won Friday, 3-2. Leve doubled with the bases full in the second for three runs and sent home another run in the seventh with a sharp single.

He held Northwestern to five hits. Northwestern 100 000 012—4 5 3 Wisconsin 050 000 20x—7 8 2 Bielenberg, Bertine (8) and Schillmeier, Leve and Wilson.

Michigan 5, Minnesota 4
Minneapolis, April 30—(P)—Michigan capitalized on two Minnesota infield errors in the ninth inning today and pushed across the winning run in the 10th for a 5 to 4 decision and an even split with the Gophers in a two-game baseball series.

Michigan 100 020 001 1-5 7 2 Minnesota 000 300 010 0-4 6 5 Telf, Rankin, Hicks and Daymond; Garbett and Costic.

Indiana 10, Ohio State 9
Bloomington, Ind., April 30—(P)—Indiana won a 10-9 victory over Ohio State in ten innings today.

Pitcher Don Ritter's single, a sacrifice, Gene Ring's single and two errors brought in Indiana's winning runs in the last of the tenth. Ohio State 031 121 060 0-9 14 7 Indiana 000 320 030 2-10 10 5 Hauk, Perini (4) and Ranz; Colnitis, Bauer (3), Toshoff (5), Ritter (6) and Gorkis.

Purdue 6, Iowa 3
Lafayette, Ind., April 30—(P)—Purdue squared its two-game series with Iowa by beating the Hawkeyes today, 6-3.

Iowa tied the score at 3 all in the top of the eighth, but Purdue came back with three runs in the same inning to win.

Iowa 010 010 010-3 8 2 Purdue 000 002 13x-6 10 2 Hoeksema, Demro (8) and Browne; Hartman, Henson (9) and Aders.

Washington at Philadelphia (2) Haynes (0-0) and Weik (0-0) vs. Scheib (1-1) and Kellner (0-1)

Boston at New York Parnell (2-0) vs. Reynolds (1-0)

GOLFING KNOW-HOW

By Bob Munk
As stated in the first installment of this series of articles—my purpose is not to deal with the technical aspects of the game, but to guide players, especially beginners, in how to go about using available data to the best advantage in making rapid progress in learning to play golf.

One very important phase is the proper way to grip a club. The right grip is not, as some pupils seem to think, my ideas or the idea of any golf instructor, or of any star player. It is what has been boiled out of millions of hours of practice by thousands of aspiring golfers seeking to play better golf at a time when little was known about the game.

The fact that the grip, as recommended today, finds such universal acceptance among star golfers is a tribute to their efforts. Every phase of the grip, as now taught, has a definite scientific reason for its use.

It is easy to see that, for the ball to go straight the club fact must be square to the line of flight when it meets the ball. If the face is open the ball will go to the right. If it is closed the ball will go to the left. It is a physical impossibility for any player to just grab the club and bring it through square by trying to do so. The club must be held in such a manner that, if our natural actions are allowed to follow their normal course, they will automatically bring the club in square with the line of flight.

Any golf book has a chapter on how to grip the club and any golf instructor will make it his first duty to see that his pupil holds the club correctly.

Discussion of the grip will continue next week.

United States Marines serving under John Paul Jones used hand grenades during the Revolutionary war.

J. H. S. DIAMOND REPRESENTATIVES

Here are the lads who take the bowing to them later in the season. The Crimson swag their bats against all competition in re-presenting Jacksonville high school baseball edition. Except for during the current baseball season, two players, Bunch at first base and the Crimson sluggers, coached by Whittacre in center field, the team Bob Kraushaar, have done quite well in their representation this year. The infield is especially young with three freshmen holding down every position except the initial. The pitching department is ably handled by two freshmen and a sophomore.

Phillies Wallop Brooklyn Dodgers In 12-4 Contest

Brooklyn, April 30—(P)—Brooklyn pitchers had trouble getting the ball over the plate today and when they did the Philadelphia Phillies whacked it hard and as a result wound up with a 12-4 decision over the Dodgers before 19,572 fans.

Eddie Miller cooked a two-run homer off Paul Minner in the fifth and Big Bill Nicholson slugged Pat McGlothlin for a three-run homer in the sixth.

Veteran Hank Borowy yielded ten hits including two home runs by Peeewe Reese.

Detroit Defeats Cleveland Before 50,610 Fans 7-5

Detroit, April 30—(P)—Richthandier Virgil Trucks ended the Detroit Tigers' three-game losing streak as he pitched them to a 7-5 victory over the Cleveland Indians here today before 50,610 fans.

Trucks, aided by home runs by Vic Wertz and George Vico, outpitched "Satchel" Paige and three other Cleveland pitchers to hang up his third straight win of the season.

Lou Boudreau, the Indians' shortstop and manager, narrowly escaped serious injury in the fifth inning when he was struck by one of Trucks' fast balls.

The ball hit him high on the left shoulder and caromed off against the back of his head. Boudreau dropped on his back and players and coaches of both teams rushed to his aid.

He recovered in a couple of minutes, but left the game. An examination in the clubhouse by the Detroit team physician showed Boudreau had a nasty bruise, but the injury was reported not serious.

It was the second time in four days that Boudreau was hit. On Wednesday, he was struck on the left elbow by a pitch thrown by Orval Grove, then with the Chicago White Sox.

Chicago White Sox Edge Browns 5-4
St. Louis, April 30—(P)—Billy struck out eight as the Chicago White Sox allowed just six hits and White Sox nosed out the St. Louis Browns 5 to 4 today.

But Pierce had to have help from Matt Surkont to stop a late Brownie rally.

With one man safe on an error and another on a hit, Manager Jack Onslow called in Surkont who threw wild to allow a run in. But pinch-batter Hank Artt flied deep to centerfield and Bob Dillinger grounded out to end the game.

JOLIET WINS STATE PREP MUSIC CONTEST
Pekin, Ill., April 30—(P)—Joliet high school won the sweepstakes trophy today in the class AA State High School Music Contest.

Seven hundred students from 23 high schools in Illinois took part in the competition. Joliet alone had 304 pupils taking part.

Among the first places taken by Joliet were the high school bands and orchestra competitions.

Giant Fan Backs Leo's Story In Written Affidavit

New York, April 30—(P)—A Giant fan said today that it was he and not Leo Durocher who "accidentally kicked and tripped over" Fred Boyesen at the Polo Grounds Thursday afternoon.

George Cronk, 33-year-old railroad fireman, said he had submitted a signed affidavit of the incident to the New York Giants. Earlier today the Giants said they had received 100 statements supporting Durocher from persons at the game.

Boysen, a Brooklyn fan, said that Durocher punched and kicked him after striking him from behind on the playing field after the game.

Durocher denied it. He was suspended from baseball yesterday by Commissioner A. B. Chandler pending an investigation.

Cronk said the following was the substance of his statement to the Giants:

"I watched the game from behind the Dodgers' dugout. Durocher was in front, coaching at third base. After the game I went out on the field, following Durocher, the other players and the fans toward the exit.

"Just after I passed second base, Boysen made a lunge toward Durocher. He apparently must have touched Lippy, because I saw the manager swing his left elbow around and touch the man. But Lippy didn't look back. Boysen lost his balance and fell.

"I was so close behind him, I couldn't help myself. I tripped over him. I suppose I kicked him in the leg or some other place in so doing, and then stepped over him.

"I apologized. I said 'sorry' and then walked out of the park. I didn't give the thing a second thought. At no time did Durocher behind me and at no time was Durocher behind me. Boysen. I was behind Boysen."

Yankees Come From Behind To Beat Red Sox 4-3

New York, April 30—(P)—Tommy Henrich, the "old pro" of the New York Yankees, came through again today, socking a two-run ninth-inning homer to give the bombers a 4-3 triumph over the Boston Red Sox.

Gene Woodling singled to start the ninth before 49,205 fans, largest crowd of the season in Yankee Stadium. Henrich then shot a Tex Hushon pitch into the lower right field stands to break it up.

Frank Shea, who pitched the ninth, received credit for the victory. It was Shea's first appearance of the season.

Right-hander Joe Dobson, seeking his first victory, opened for the Red Sox. Dobson was whacked for two runs in the fifth when Bobby Brown walked. Dick Kryhoski tripped and Gery Coleman singled. Dobson bowed for a pinch-hitter in the seventh and Hushon took the rap.

Work on Bradley U. \$300,000 Fieldhouse Will Start Soon

Peoria, Ill., April 30—(P)—Work on a \$300,000 fieldhouse for Bradley University is expected to start within a few weeks.

More than 2,000 central Illinois fans purchased \$300,000 worth of five-year season tickets to make the project possible.

The fieldhouse will be ready for Bradley's basketball opener with the University of Houston on Dec. 6. Dedication ceremonies will be held Dec. 17, during a game with Purdue.

Bradley will play 16 home games in a 27-game scheduled next season. Included in the 1949-50 slate are 12 Missouri Valley conference contests.

Bradley, fourth-place finisher in the national invitational tournament last season, will appear in the Sugar bowl meet at New Orleans, in New York's Madison Square Garden, Chicago stadium and Philadelphia's Convention hall.

Dr. Karl T. Compton, chairman of the U. S. Military Establishment's research and development board and former president of Massachusetts Institute of Technology, Dr. Compton told the group of leftists gathered to proclaim a crusade against war and dictatorship that he had participated in President Truman's decision to drop the atomic bomb on Hiroshima and Nagasaki, Japan.

He had scarcely finished when a number of youths stood up in various sections of the crowd assembled in the Palais Des Sports and began shouting. One of the youths exclaimed: "We protest the atom bomb!"

As the tumult increased, groups rushed toward the speakers' platform, and for several minutes the meeting was virtually suspended.

During the uproar, Garry Davis, former U. S. bomber pilot and self-styled world citizen, stepped to the rostrum. Davis, who heads the so-called citizens movement, told the crowd of 10,000 that people of the world have had "enough of hate and enough of fear."

More than 400,000 men and women found employment in the cutlery, furniture and carpet industries of England in 1934.

Coronation Of Queen Will Highlight Event; Starts Saturday A.M.

Coach Hal Wimberly announced recently that plans have been completed for the second annual Jacksonville high school invitational track and field meet which will be staged on the local cinders Saturday, May 7. The 19-team meet will be run off in both morning and afternoon sessions.

The Jacksonville Journal-Courier has again donated the numerous medals and trophies that will be awarded the winning speedsters in each event.

Havana Defending Champs
The Havana Ducks will be defending the one-year-old crown. The Ducks nosed out a strong Quincy high squad last year to cop the title.

Some very fast times were set in the initial running of the meet last spring. Jacksonville high school has one of the better cinder tracks in this part of the state which makes for fast-get-aways and cuts seconds off the timekeepers' watch. The Crimson trackmen are fortunate to own a 220 yard, 10 lane straightaway.

Coronation Of Queen
This second annual meet will be highlighted by the crowning of a queen from the local high school. She will be chosen by the Crimson lettermen's club and will hold forth throughout the Saturday sessions. The queen and her court of four, will present medals to the winning participants. The school band will provide music for a gala parade through downtown Jacksonville and out to the field to get the meet underway.

List Teams Entered
Here are the teams entered in the meet: Cathedral of Springfield, Roodhouse, Lanphier, Feitshans, I.S.D., Waverly, Arenville, White Hall, Quincy, Greenfield, Winchester, Havana, Virginia, Macomb, Mt. Sterling, Rushville, Beardstown, Pana and the host team. Nineteen teams in all have definitely announced their intention to participate as the meet draws nigh.

The meet records set by the winners in each event last year and which the current crop of speed merchants will be shooting at are: 120 yard high hurdles, 16-3; 100 yard dash, 10-3; mile run, 4-53-4; Fr. Soph. 880 relay—1-42-6; 440 yard dash, 55-4; 200 yard low hurdles, 24-4; 220 yard dash, 22-7; 880 yard run, 2-16-5; 880 yard relay, 1-40-7; broad jump, 20 ft; pole vault, 11 ft. 9 in; high jump, 5 ft. 9 in; discus, 110 ft in; shot put, 39 ft. 2 in.

Cincinnati Moves Into First; Whips Pirates 8 To 4
Cincinnati, April 30—(P)—The Cincinnati Reds, picked by many of the experts to finish last in the National league pennant race, took over the loon's No. 1 spot today with an 8-4 victory over the Pittsburgh Pirates.

Nothing their third successive triumph, the Reds shelled six Pirate hurlers for 12 hits, including home runs by Johnny Wyrostek and Grady Hatton. It came with a 4 to 0 victory by Boston over New York to help boost the Reds into first place.

Young Herm Wehmeier, who was taken out early in the sixth inning, was credited with the victory, his first in two outings.

Pittsburgh 000 031 400-4 9 0
Cincinnati 410 009 30x-8 12 2

One Consolation For Leo-Giants Leading League

BY JACK HAND
(Associated Press Sports Writer)
Leo Durocher, suspended manager of the New York Giants, has one slight consolation—his sluggers are leading the National league.

The Giants seized undisputed possession of first place last night while Leo was flying to confer with owner Horace Stoneham. The subject was Durocher's indefinite suspension yesterday by Commissioner A. B. Chandler following an altercation with a fan Thursday afternoon.

It was the same old story for the Giants with acting Manager Frankie Frisch now calling the signals. Good hit, no pitch.

Two homers by Sid Gordon and one by Walker Cooper helped the Giants overcome shoddy pitching to beat the Boston Braves, 10-9, in 10 innings.

Clint Hartung, winner of his first two starts, was clubbed from the hill in a five-run first inning after Gordon's two-run homer gave the Giants a short-lived lead. At the end of seven innings, Boston led 9-5 but the Giants tied it in the ninth.

Bill Rigney, who took over at shortstop in the ninth, settled the issue in the 10th with a double, the 18th Giant hit. Neil Potter, the loser, had fanned Gordon and Johnny Mize and yielded a single to Bobby Thomson before Rigney connected.

Frank Frisch Not Enthused About Piloting Giants
Boston, April 30—(P)—The veteran Frankie Frisch, who had extended managerial flings with both the St. Louis Cardinals and Pittsburgh Pirates, does not appear enthusiastic about taking another one—even on a temporary basis.

Frisch, called upon to take over the New York Giants yesterday after Leo Durocher was suspended indefinitely by baseball Commissioner A. B. (Happy) Chandler, saw those sluggers jump into the National League lead as soon as he took command.

The former "Fordham Flash," who broke in with the Giants under the late John McGraw back in 1919, was in supreme chag last night when the New Yorkers out-slugged the championship Braves for a 10-inning 10-9 victory.

"I don't want to talk about it," Frisch told prospective interviewers who stormed the Giants' clubhouse after the overtime game. "All I'm doing is filling in for a few days. And besides, I'm tired. I didn't get any sleep at all Thursday night and tonight we pulled out after winning a hard game in the hardest possible fashion."

REPORTS QUAKE
Berkeley, April 30—(P)—The University of California seismograph recorded a "markedly strong" earthquake late yesterday 6.600 miles from Berkeley. It was estimated to be in a southwesterly direction and lasted an hour and 45 minutes.

Big 9 Standings

Chicago, April 30—(P)—Big Nine standings, including today's games:

Mrs. Earl H. Floreth Killed In Wreck; Three Badly Hurt

Three New Aldermen Inaugurated At City Hall Saturday Night

Three new aldermen officially took their seats as members of the city council Saturday night in a brief inauguration ceremony at the city hall. Mayor Hoagland, City Clerk John Phillips and Treasurer Irma B. Cline also took the oath of office and were installed for new terms.

Miss Anderson Presents Recital At MacMurray

Miss Elizabeth Anderson, MacMurray College piano major from Sikeston, Missouri, will present her senior recital Sunday afternoon, May 1, at 4:00 p.m. in Music Hall.

Miss Anderson

Miss Anderson is the daughter of Mr. and Mrs. Ralph Anderson of Sikeston, Mo., and the granddaughter of Mrs. W. R. Huckleby of Jacksonville. She is a member of Theta Sigma society and has held a class office. During her sophomore year she played second violin in the string quartet.

Miss Anderson's program will open with a "Sonatina" by Kabalevsky, she will continue with two pieces from Op. 73 by Grieg, "Resignation" and "Scherzo-Improvisation." Next she will play "Ballade," Op. 10 No. 1 by Brahms, "Twilight Phantasies" by Godowsky, and "Three Fantastic Dances" by Shostakovich.

Her last number will be Bach's Fifth Sonata in C major arranged for two pianos by Babin. Mr. Beggs, her major professor, will be at the second piano.

Jacksonville Man Opens Third In Chain Of Stores

Mrs. L. A. Vasconcellos, of Jacksonville Route 3, has returned from Clinton, Iowa, where she attended the formal opening of the new Vas Wallpaper and Paint Store.

The new store is the third in the Vasconcellos chain. Other stores are in Jacksonville and Marshalltown, Iowa.

Richard Guthrie, a nephew of L. A. Vasconcellos, has been appointed manager of the Clinton store. He was previously associated with the store at Marshalltown.

L. A. Vasconcellos will remain in Clinton for another week assisting Mr. Guthrie.

CONCORD GIRL WINS VERSAILLES CONTEST

Martha Jane Beddingfield of Concord, tap dancer, won first place in an amateur contest held Friday night at the Versailles community hall. Robert Murphy, soloist from Hillview, placed second. Third place winner was Irene Hamm of Versailles, acrobat.

Other entertainment was provided by the Prairie Pioneers of Jacksonville.

The area of the Sahara desert is said to be more than 3,500,000 square miles.

Retiring Secretary Feted At Elks Meeting

Denham Harney, secretary and club manager of the Jacksonville Elks lodge for the past 17 years, was honored by officers and members at a social gathering Saturday night.

Mr. Harney has resigned the position with the Elks, effective April 30.

During Saturday night's party he was presented with a gift by Dan T. Cloud, a past president of the Illinois Elks Association, on behalf of the Jacksonville lodge.

Presented With Check
At last Wednesday's lodge session, Mr. Harney was presented with a substantial check by Wilford E. Queen, exalted ruler of the Elks, in recognition of his long and efficient service with the organization.

Mr. Harney has served in an official capacity with the Elks for 25 years, the last 17 of which he was

GRADUATION WATCHES Priced From \$22.00

THOMPSON & SON JEWELERS
If You Don't Know DIAMONDS Know Your Jeweler.

secretary and club manager. During a quarter of a century he saw the growth of the Jacksonville club from a membership of about 50 to 900.

Mr. Harney is well known among the Elks in Illinois. The Jacksonville lodge now ranks fourth among the 84 lodges and 50,000 membership in the state. In charitable activities.

Name Thomson, Davis Successors
With the resignation of Mr. Harney, the duties of secretary and club manager have been divided.

Attorney Ralph Thomson will serve as secretary of the lodge, and Clifton Davis has been appointed by the officers and house committee to serve as club manager. Mr. Davis is a prominent Elks and a former county commissioner.

Mr. Harney will devote his entire time to his work as property manager for the Rockford Life Insurance Co.

Thomas E. Toler, Alexander, Dies At Our Saviour's

Thomas E. Toler of Alexander, passed away Saturday afternoon at Our Saviour's hospital, where he had been a patient for the past three days. Mr. Toler, who had been in failing health for several months, was 63 years of age.

Born Oct. 20, 1885, at Monticello, Ky., the deceased was the son of the late James and Katherine Kinnett Toler. On Oct. 19, 1913, in Kentucky, he married Fronia Smith, who survives. A resident of Alexander for 18 years, he was employed by the Wabash railroad for some time.

The following children survive: Ernest, Muri, Homer, Dorothy, all of Alexander, and Helen of Jacksonville. He also leaves one stepson, Earl Smith of Pisgah; two brothers, Brack and Blueford of Jacksonville; one sister, Mrs. Belle Lewis of Joliet; and one grandchild.

Two sons, one brother and four sisters preceded him in death. The body was taken to the Williamson Funeral Home, where services will be held at 2 p.m. Monday. Burial will be in Memorial Lawn cemetery. The family will meet friends at the funeral home on Sunday from 2:30-4:30 and 7-9.

Chapin Principal To Head Litchfield Junior High School

Chapin—Charles D. Grigg, principal of the local high school for the past three years, has accepted a position as principal in the Litchfield junior high school.

Litchfield is the largest city in Montgomery county, which is the home county of both Mr. and Mrs. Grigg. They plan to leave Chapin between July 15 and August 1.

Woman's Club Meets
Mrs. Peak, art instructor of community unit school district 27, gave a talk and demonstration at the Chapin Woman's club meeting Tuesday afternoon at the home of Mrs. Richard Wilson, program chairman.

During the session, attended by 15, a donation was voted to the Cancer Research fund.

Arenzville P.T.A. Votes To Sponsor Lunch Program

Arenzville—Members of the newly organized Arenzville P.T.A. recently approved a motion to sponsor hot lunches in the schools. Mrs. Ralph Clark, president, appointed Ralph Brasell, Eddie Roegge, Mrs. Flora Noble and Mrs. Albert Winkelman as a committee for the new project.

The motion followed a talk by Hunter Chapman, superintendent of unit district 27, who discussed the importance of the program.

Refreshments were served by the social committee. All parents of the community are urged to attend the next regular meeting, May 26 at the school.

B.P.W.C. Members To Hear Delegates

At their regular meeting Thursday evening at 6:15 p.m. in the Dunlap hotel, members of the Jacksonville Business and Professional Woman's club will hear reports by delegates to the club's state meeting.

The session, held April 22-24 at Chicago, was attended by Miss Mary Postlewait, Mrs. A. B. Applebee, Mrs. Frank McCarty, Mrs. Ella Newman Bruce, Miss Henrietta Carter and Dr. Mary Louise Newman.

Mrs. Mamie Cole and Mrs. Bertha Rideout will compose the supper committee.

MANY NON-FARMERS HAVE SMALL GARDENS
Washington, April 30—(AP)—More than one out of every five non-farm families raise vegetables and about one in 12 non-farm families keeps chickens.

The census bureau, reporting this today, said the 2,750,000 non-farm families who go in for chickens have on the average, 18 hens and pullets.

P.N.G. CLUB TO MEET
The Past Noble Grand's club of Jacksonville Rebekah lodge 13 will convene Tuesday evening at the home of Mrs. Minnie Barr, 429 S. Main street, with Mrs. Ella Phillips as hostess.

MAKE BANQUET RESERVATIONS
Reservations must be in by Tuesday noon for the Mother-Daughter banquet which will be given Wednesday evening by the Grace church W.S.C.S.

Nortonville Community Hall

SCOUTS BUILD SIGNAL TOWER

The above picture shows what is believed to be the first signal tower ever built by Jacksonville Boy Scouts.

No nails were used in the construction of the tower. However, it is firmly held together by 800 feet of rope.

H. L. Steelman, scoutmaster of troop 113 of South Jacksonville, stands at the base of the 20 foot structure, while several members of the troop perch on the top. Boys sitting on the tower are, left to right, Ronnie Kemp, Jimmy Steelman and

Charles Broadus. Bob Rawlins is standing on the other side of the tower.

The tower was constructed in four hours. It stands at the rear of the Steelman home, 204 West Greenwood. The structure has since been dismantled but is to be reconstructed at the Boy Scout cabin on the shores of Lake Jacksonville.

The tower can be viewed at this site on May 21-22, where it will be used extensively during the annual Boy Scout camporee.

Pittsfield Man Employed To Coach At Arenzville High

M. G. West, principal of Arenzville high school, has announced that Verdie Altizer, a native of Pittsfield, Ill., has been employed to fill the coaching position vacated by the resignation of Jack Escorcia.

Escorcia resigned his duties at the Cass county school last February after three very successful years.

Altizer will graduate from Culver-Stockton college in June. He attended the Pittsfield public schools. While in high school Altizer participated in and won letters in basketball, football and track.

After graduation from high school he entered the U. S. Marine Corps. The new coach spent most of his 23 years of military service in the South Pacific.

Following his discharge, Altizer entered Culver-Stockton where he has won letters in football, basketball and baseball. He has been selected on the MCAA all-conference basketball team three years running. Last season he was named to captain the all-conference five.

Altizer will assume his coaching duties in Arenzville with the opening of the September session.

Barbara Stevens Wins At Music Meet

Miss Barbara Stevens, Jacksonville High school entry in the State Music Competition Festival held at Lanphier High school in Springfield Saturday, was awarded second place in the twirling division.

Miss Stevens' win brings to 11 the number of honors which J.H.S. attained in the state competition, which was in progress Friday and Saturday.

MR. AND MRS. JOSEPH LUDWIG
The golden wedding anniversary of Mr. and Mrs. Joseph Ludwig, 816 South East street, will be observed Thursday, May 5, at their home. Their children, Mrs. Harold Fox of Kansas City, Mo., J. Russell Ludwig and J. Roland Ludwig, both of Jacksonville, and Mrs. J. A. Pittman of Des Moines, Iowa, will be with them on the anniversary.

Friends are cordially invited to call at the Ludwig home from 2 to 5 and 7 to 10 p.m. on Thursday.

Mr. and Mrs. Ludwig are highly respected Jacksonville citizens. Mr. Ludwig has been a contractor and carpenter for many years.

Local Pedestrian Slightly Injured In Truck Accident

Mazie Banks, 27-year-old Jacksonville resident, was slightly injured Saturday afternoon at about 5 o'clock when she was struck by a panel truck driven by Russel Lewis, also of this city.

Mrs. Banks was crossing the street at the corner of E. College and S. Mauvaisterre intersection and walked directly into the path of the oncoming truck. Apparently she did not see the vehicle approaching.

The injured woman was taken to Our Saviour's hospital in the Cooney ambulance. She suffered injuries in the left leg and hip.

Sgt. Spreen, local police officer, was called to the scene of the accident.

Editor Addresses College Women At AAUW Luncheon

"The woman graduate today must not only know 'how' to work, but 'why' she works," Margaret Hickey, editor of the public affairs department of the Ladies' Home Journal, told the senior women of MacMurray and Illinois colleges at a luncheon given Saturday by the American Association of University Women here.

Miss Hickey recently returned from Beirut, in Lebanon, where she attended the third session of the Commission on the Status of Women, which convened March 21 at UNESCO headquarters. She attended as a non-government consultant, representing the International Federation of Business and Professional Women.

"Many women in the world have neither the skills through which to utilize their ability, nor the insight into reasons for labor which lifts one's job from slavery to privilege," said the speaker, who is founding director of Miss Hickey's Training School for Secretaries in St. Louis.

"The tools which you acquire to earn a living should also serve you as implements with which to take a greater part in community life, to work for better schools, health standards, schools and community government."

Miss Hickey was introduced by Mrs. Lenora Tomlinson, luncheon chairman. Mrs. John Agger, retiring president, announced that the Illinois Women's conference on legislation will hold a workshop May 7 in East St. Louis, and that Miss Marjorie Temple, national legislative associate, will speak in Charleston on May 4. Anyone wishing to attend the sessions may contact Mrs. Agger for transportation.

Pi Phi Zeta Rush Tea At Alexander

Mrs. T. Joseph Doyle and Mrs. Leonard Kramp entertained members of Zeta chapter, Pi Phi Zeta sorority, at the annual rush tea held at the Kramp home in Alexandria.

The serving table was beautifully decorated in green and yellow. Presiding at the urns were Mrs. Frances Hartman, sorority mother, and Miss Maxine O'Brien, president, both of Springfield.

A musical program was enjoyed.

Winchester Rites For L. T. Beavers

Winchester—Funeral services for Logan T. Beavers of Bluffs were held at 2 p.m. Saturday at the Daner Funeral Home, with the Rev. John Watson officiating.

Flowers were cared for by Mrs. Mildred Seeman, Mrs. Nina Merriman, Mrs. Bernice Gregory and Miss Mary Jane Morris.

Casketbearers were Byron Berry, Fred Korty, Dick Schone, Clarence Korty, James Parker and Ray Morris.

Burial was in Exeter cemetery.

WASHINGTON P. T. A. PLANS INSTALLATION
Mrs. Paul Vannier of Bluffs, district P. T. A. director, will install the new officers of the Washington P. T. A. during the group's last meeting of the year, Tuesday at 8 p.m. at the school.

Music will be furnished by students, directed by Miss Lena Hopper. Refreshments and a social hour will follow.

HOME FROM TEXAS
Mrs. E. O. Hess, who has been spending the winter in LaFeria, Tex., visiting her sister, Mrs. Robert Catlett, and sister-in-law, Mrs. E. H. Nicholson, recently returned to her home here.

TO CONVEY THURSDAY
Edward Gallagher Circle 122, ladies of the G.A.R., will hold its regular meeting at 2 p.m. Thursday at the American Legion Home.

WANTED
Waitress wanted. 6:30 a.m. to 2:30 p.m. Apply in person.
Canon Lunch Room.

NOTICE

Steak and Fried Chicken
Stoner's Restaurant, Phone B-7614

Cars Crash On South Hard Road; Baby Has Skull, Mouth Injuries

A collision of automobiles one mile south of the city early Saturday evening resulted in the death of Mrs. Martha Floreth, 27, wife of Earl H. Floreth, 505 Lincoln avenue, and the serious injury of three other persons, including her husband and 14 months old daughter.

Mrs. Floreth died in an ambulance enroute to the hospital, a few minutes after the cars crashed at 7:20 p.m.

Her death was caused by head injuries and probably internal injuries.

Mr. Floreth was driving south with his wife and small daughter in an Oldsmobile car.

Carroll J. Henderson, 18, of Murfreesboro, Tenn., was traveling north in a Chrysler. The cars collided on U. S. Route 67 at a point just north of a gravel highway which leads to Lake Jacksonville.

The Floreth car was almost demolished. Henderson's car also was badly damaged.

Floreth's Condition Critical
Floreth sustained a fractured right leg, a wrist injury, and is suffering from shock. Blood plasma was administered. His condition late Saturday night was believed to be critical.

The child, Beverly, is believed to have sustained a skull fracture and a mouth injury. Six of her teeth were knocked out or broken.

Henderson sustained injuries to both knees and was suffering from shock. His condition is not regarded as critical. He is the son of Earl Henderson of near Murfreesboro.

Rushed to Passavant hospital in Cooney's ambulance, Mrs. Floreth was pronounced dead on arrival.

Her husband and Henderson were taken to Passavant, and the Floreth baby was taken to Our Saviour's hospital.

Neither Car Turns Over
Cause of the collision was not established by officials, who turned their efforts to assisting the injured. The Floreth car was knocked to the side of the highway and the Henderson car was on the shoulder of the road when officers arrived. Neither automobile overturned.

For a time it was believed that Sandra, another small daughter of the Floreths was in the car at the time of the crash, and search for her was started. Later it was ascertained that the other child was at the home of her grandparents and had not gone out with her parents and sister.

A number of officials including Sheriff Ralph Bourn, State Patrolman Jack Hoecker, Deputies Arthur Roach, Charles Warzard and Jack Andrews converged on the scene, helping to get the injured to the hospitals.

Traffic backed up on both sides of the wreck for a time until officers arrived and took charge.

Use Radio For Aid
The two-way radio sets in the county automobiles, at the county jail and police station were used to direct the activities of taking the victims to the hospitals, and clearing away the wreckage. Wreckers from the Brummett and Lukeman garages took charge of the cars.

Deputy Coroner Roy Covington took charge of the investigation in the absence of Coroner C. H. Muehlhausen, who was out of the city.

Dr. Albyn Wolfe and Dr. Mary L. Newman attended the injured at the hospitals.

Mrs. Floreth was a daughter of Mr. and Mrs. L. Edgar Bayless, 1066 West Lafayette avenue. Mr. Floreth is department manager of the Illinois Tire & Battery Co.

The decedent was removed to the Williamson Funeral Home.

WOODSON MEETING POSTPONED
The Woodson American Legion and Auxiliary have postponed their meeting, scheduled to be held May 3, until Tuesday, May 10.

WHITE HALL STUDENTS HONORED AT U. OF I.
White Hall—W. A. Knoop, superintendent of the White Hall school, has announced that four graduates of the local high school received special awards on honors day at the University of Illinois.

Anne Lucille Meyer and Myrtle Lyndell Powell were awarded freshman class honors. Senior class honors were received by Robert Dee Fenley and Richard Eugene Simmons.

Clinton Swine Breeder Sets World's Record

By the Journal Courier Farm Editor
Clinton, Ill.—H. R. Lou No. 17, 19 looked on with apprehensive pride here Saturday afternoon as he worked around the clock and children—all 19 of them—set a new world's record. Her healthy, sleek, eight weeks' old Yorkshire pigs weighed a total of 761 pounds 4 ozs. held for years by a Minnesota Pig at weaning time to best a record land China hog farm.

The heaviest one of the pink-skinned pigs tipped the scales at 46 pounds, 2 ozs.; the runt of the bunch weighed 26 pounds, 8 ozs. The average was 40 pounds.

Dr. L. N. Morin, Clinton veterinarian, was the official in charge of the weighing procedure, which was witnessed by swine breeders from three states.

The process was much quieter than usual, for the 56 day old litter feels that the handler, Herdman John Pence, is a pal. They're not afraid of him, for he's practically lived with them ever since they were farrowed on March 5. He was the nursemaid. Lou No. 7 couldn't take care of the large litter all at once. Pence divided the bunch into two sections or shifts. While nine of the tiny porkers were nursing, the other ten were housed in a tiny pen warmed by an incandescent lamp. After two hours the shift was changed. Lou had little to do except to eat.

The weighing in ceremony was held on the Morris farm located seven miles west of Clinton. Among those present were Robert Shannon of Lafayette, Ind., secretary of the American Yorkshire club, and James Roberts of nearby McLean, president of the Illinois Yorkshire association.

Visitors on the Harold Morris farm Saturday spent some time inspecting the balance of his herd of 130 registered Yorkshire. Morris is a district salesman for the Raiston-Purina milling company. Both he and the company are pretty happy about Lou and her pigs.

Pence said this is the third litter farrowed by Lou. Eight out of the first two litters of 11 pigs farrowed were saved. The sire of all three litters was Ardene Famous. Dr. J. L. Krider, head of the University of Illinois swine division, said that "according to the latest information we have the world's record litter weight at 56 days was 670 pounds. A Poland China sow owned by Ole Niehaus of Mower county, Minnesota, raised 12 pigs which weighed 670 pounds in eight weeks."

The weighing in ceremony was held on the Morris farm located seven miles west of Clinton. Among those present were Robert Shannon of Lafayette, Ind., secretary of the American Yorkshire club, and James Roberts of nearby McLean, president of the Illinois Yorkshire association.

Warning

Watch for the "accused" on the square Monday, Tuesday and Wednesday. Tune in WJLS at 4:35 P.M. for details.
